

## Republicans See Battle in East

That West Will Stay Republican—Continue Washington as Temporary Eastern Headquarters.

Washington, July 9 (AP).—Republican campaign plans are concentrating on the east and it appears that Herbert Hoover himself will return to Washington in the fall to be near headquarters here in the fall drive.

Another front porch campaign is in the making, although in the case of Mr. Hoover it seems a more appropriate name would be a back yard campaign. The spacious residence of the secretary on R street has a very insignificant front porch but the home has a commodious back yard.

The residence is just a few houses away from the place where Woodrow Wilson, the last Democratic president, spent his last days and died. Mr. Hoover has lived in this place almost since coming to Washington in 1921 as secretary of commerce.

But before he decides on his plans for the fall, Mr. Hoover must first make arrangements for his departure for Palo Alto, Cal., where he will be officially notified of his nomination early next month. An early definite announcement was expected today, calling for departure late in the week or early next week.

Henry J. Allen, of Kansas, in charge of Republican publicity, is responsible for the statement that the party leaders believe the east to be the battle ground of the campaign with confidence on their part that the west will stay Republican. An eastern advisory council has been organized, with Senator Moses, of New Hampshire at its head. It will dictate policies for the drive in the Atlantic coast states.

There has been considerable speculation about the organization of eastern headquarters in New York with Senator Moses in charge, similar to the set-up arranged for Chicago, where James W. Good will assume command as western campaign manager, but the Saturday conference of party leaders decided to continue Washington as eastern headquarters temporarily.

This leaves Chairman Work of the National Committee and probably Mr. Hoover himself at the fountain head of the eastern campaign.

However, Senator Moses has been given power, according to the announcement of Chairman Work, to outline the policies and plans of procedure for the eastern drive. Plans for the contest in the east are expected to await the formal opening of the campaign when Mr. Hoover delivers his address of acceptance.

Preparation of that address along with the duties of winding up his work as secretary of commerce will occupy Mr. Hoover this week. However, he plans to go over the set up for the national campaign at other conferences.

Senator Curtis of Kansas, the vice-presidential nominee, arrived in Washington last night after a short vacation in Rhode Island. It is expected that he will confer at length with Mr. Hoover before the latter starts west.

## Boston Greet Miss Earhart

Boston, July 9 (AP).—Amelia Earhart, first woman to fly across the Atlantic, came home today to a warm greeting from her fellow townsmen. With her were Wilmer Stultz and Louis Gordon.

As Miss Earhart stepped out of the door of the tri-motored Ford plane which had brought her from New York, Lieutenant Governor Frank G. Allen and a reception committee presented her with a large bouquet of flowers. While the crowd of some 3,000 was cheering, Stultz and Gordon landed from the accompanying tri-motored Fokker plane.

For a few minutes the photographers claimed the three fliers. Then Miss Earhart entered the airport of her home where her mother and sister were waiting. The doors were closed and no one was permitted to intrude on the reunion which all three had eagerly waited.

Soon afterward Miss Earhart entered and entered an automobile with Stultz and Gordon for a parade through Chelsea and Charlestown to Boston, where they were to be taken to the chamber of commerce for luncheon.

## COOLING ATTEND CHURCH DESPITE RAINY WEATHER

Superior, Wis., July 9 (AP).—Undeterred by rainy weather President and Mrs. Coolidge and their son, John, attended church at Brule as usual yesterday.

Crowds of town folk and tourists had gathered by the hundreds to watch a glimpse of the presidential family. On account of the smallness of the church, which only allowed accommodation to the local congregation, they waited outside the chapel in the showers throughout the service.

John Taylor, the blind lay preacher at Brule, chose the story of the parable of the fig tree, in which he warned against doubting the events recorded in the Bible. After the service Mr. and Mrs. Coolidge and John Coolidge returned immediately to Cedar Island Lodge.

## Four Held on a Girl's Complaint

Stephen Burns, 19, of 42 Post street; John Setera, 13, of 17 Second avenue; Joseph Bujak, 24, of 48 First avenue, and Fred Genther, 23, of 176 West Pierpoint street, were arraigned before Judge Shufeldt in police court this morning, charged with assault, and the hearing was adjourned to July 17. They were represented by Attorney W. H. Grogan, who appeared for Burns, and Attorney Chris J. Flanagan, who represented the other three youths.

All four were arrested early Sunday morning on complaint of a seventeen year old girl, who charged them with assault in the second degree. In a statement made to the police the girl claimed that she met one of the youths and she invited her for an auto ride and she accepted. After a short trip they returned to Kingston where the other youths were picked up and according to the girl they drove to Wilbur and near the public school there the alleged assault took place.

She said she blew the automobile horn and screamed and a resident in the vicinity heard her calls and telephoned to the police. Later when the youths and girl were driving away the resident stopped the car and the girl alighted and remained with him until the police arrived when she told her story at police headquarters and the arrest of the four youths followed.

## Textile Strikers Refuse to Work

New Bedford, Mass., July 9 (AP).—With absence of violence and no demonstration other than quiet and orderly picketing, 25,000 striking operatives of 27 textile corporations in this city today continued adamant in their refusal to accept a ten percent wage reduction.

The textile corporations opened the mill gates this morning. All operatives were invited to return to work after a three months strike which followed announcement of the wage cut on April 16. At none of the mills involved were striking employees observed returning. A few scattered groups that had been working during the strike entered the mill gates as usual.

Four hundred police on duty near the mills found their task simply one of handling traffic. Ninety National Guardsmen, called out under a precept issued by Mayor Charles S. Ashley, and stationed at strategic points throughout the city, had nothing to do.

A survey of the mills during the period that the gates were open, from 6:45 to 7:30, showed that the picket lines which the striking employees have maintained during the past three months had been strengthened.

## Seize Wet Carload On Sweltering Day

Someone is suffering an extreme thirst this hot weather for on Saturday afternoon prohibition agents from the Kingston office seized a box car loaded with apparently good beer at the siding at Newburgh. The car was labeled as contractors' supplies and building material and had evidently come up over the West Shore railroad from some point in New Jersey. The attention of the agents was called to the car when it was discovered the "building supplies" were leaking what evidently was good beer.

In the car the agents found 225 half barrels of alleged beer. The car was routed to West Newburgh, but when the agents took charge they re-routed it to the army base at Brooklyn where prohibition seizures are stored.

It is believed the person to whom the car was consigned does not exist and that the name is fictitious. This is the customary manner in which such shipments are made.

Those in Newburgh who witnessed the seizure were disappointed when they saw a full car load of apparently good beer shipped out of the city on a scorching hot day when the palatable contents of the car could have cooled many a parched tongue. It was another case of seemingly good beer gone bad.

## Hoetger Held on Serious Charge

Walter F. Hoetger of 19 Valley street was arraigned before Judge Shufeldt in police court this morning, charged with failure to provide for the support and provide for the education of his four children, all under 16 years of age.

Judge Shufeldt informed Hoetger that it was a grand jury case and the only disposition that could be made of it in police court was to hold a preliminary hearing to ascertain if the evidence was sufficient to warrant holding Hoetger for the action of the grand jury.

Hoetger said he would like a preliminary hearing. The matter was adjourned to Wednesday morning and Hoetger committed to the county jail in default of furnishing \$1,000 bail.

## Boy Drowned In Esopus Creek

Eleven Year Old Son of Nicholas L. Pulos Drowned Near U. & D. Bridge—Swimsuit Carried Body Considerable Distance Before It Was Recovered.

Saturday afternoon about 5 o'clock Louis Pulos, 11 years old, son of Nicholas L. Pulos, of 59 Franklin street, was drowned in the Esopus creek. The body was not recovered until about two hours later when it was located some distance down stream where it had been carried by the swift current. The body had lodged on a snag.

The little lad had gone swimming at the U. & D. bridge and was carried off by the current. As soon as the lad went down, men and boys in the vicinity made frantic efforts to locate the body but the current in the creek swept it down stream out of reach. A row boat was secured and Samuel Hull and Carl Grosbeck were the men who finally located the body.

Fire Chief Murphy and a squad of men were on hand with the pulmotor but the lad had been under so long there was no chance of giving any assistance.

Coroner W. N. Conner was notified of the drowning and after an examination and investigation gave the verdict as death by accidental drowning. The body was turned over to Jensen & Perry. A Greek funeral service was held today from the Clinton Avenue M. E. Church at 2 o'clock with a Greek minister from Poughkeepsie in charge. The body lay in state at the church from 10 a. m. until 2 o'clock.

Beside his father, Louis is survived by four sisters, Jane, Helen, Magdalene and Margaret. Interment was in Montrose cemetery.

## SEVERAL TRAFFIC CASES BEFORE JUDGE SHUFELDT

Frank Krajewski of 66 Third avenue was arrested Sunday on Broadway by Clarence C. Wall of Syracuse, following a collision between their cars at St. James street. The hearing this morning was adjourned to July 12.

Harold Meltzer of New York city, arrested for passing the traffic signal at the Rondout Creek Bridge, gave bail for his appearance today, at which time on his plea of guilty he was fined \$5.

Jacob Pollock of New York city, arrested Saturday for passing the traffic signal at the bridge, gave bail for his appearance Tuesday in police court.

Stanley Simon of Albany, arrested Saturday for speeding, gave \$20 cash bail for his appearance Wednesday.

Abram Woods of 216 Foxhall avenue, arrested charged with theft of the car of D. W. Benton of 212 Foxhall avenue, was discharged when Benton withdrew the complaint. Benton had reported to the police that his car had been stolen and it was found in Woods' possession. Later it developed that Benton had given Woods permission to use the car but at the time he reported it stolen he did not know that Woods had it.

John Shelley of the town of Ulster was fined \$5 for parking his car too far from the curb on North Front street.

## SAYS SMITH'S WET STAND WILL BRING VICTORY

Albany, N. Y., July 9 (AP).—Norman Mack, of Buffalo, New York member of the Democratic National committee, predicted today that Governor Smith's attitude in favor of modification of the prohibition law would bring victory to him in the presidential election next November. Mr. Mack arrived in Albany today to confer with Governor Smith and the latter's running mate in the national campaign, Senator Joseph T. Robinson, of Arkansas, Democratic candidate for vice president.

"New York state will be the crucial state in the coming campaign," Mr. Mack said. "Whoever carries New York will win the election." "The more the Republicans try to sidestep the prohibition question, the greater issue it becomes. It is fortunate for the Democrats that there are many more wets than dries in this state."

## TWO MORE DIE FROM SEPTIC SORE THROAT

Lee, Mass., July 9 (AP).—The epidemic of septic sore throat which has caused the illness of 600 persons in this town resulted in two more deaths today, bringing the total to eleven.

The high school is being converted into a temporary hospital. Health authorities attribute the epidemic to contaminated milk. The town has a population of approximately 4,000.

## Two Were Disorderly

James Dunn, a stranger, arrested for disorderly conduct in pashandling on the street, was given a suspended sentence or his promise to leave town at once. Daniel O'Connor of New York city, arrested for disorderly conduct, was also given a suspended sentence of ten days in jail.

## Veterans to Meet Wednesday

Prat Post, No. 127, G. A. R., will meet Wednesday at 2 p. m. at its room in the Armory. The commander will call for them in town by auto.

## Over 300 Drown as Army Transport Sinks Off Chili

Captain of Chilean Army Transport Kills Himself As Ship Pounds to Pieces on Rocks in Storm—Only Four Known Survivors—Rescue Steamers Find No Traces.

Santiago, Chile, July 9 (AP).—Of some three hundred persons who were aboard the army transport, Anzanius, only four were alive today to tell how the vessel was pounded to pieces on the rocks. The disaster, which claimed upwards of 300 lives, occurred Friday night at Punta Chimpel, near the south Chilean coast town of Lebu.

The captain, unable to avert disaster, committed suicide on the bridge. Eighty bodies were found on the beach near Coronel but the exact number who perished probably will never be known since after leaving Punta Arenas with 291 persons aboard the vessel made several stops en route picking up additional passengers.

The ship had been loading material for the Chilean navy in the Gulf of Arauco when a storm broke late in the afternoon. The vessel left the bay to ride it out. For several hours she struggled against wind and wave and was badly battered. The ship started to drift toward the breakers. Frantic appeals for help were sent out. No aid came. At 10 p. m. the vessel crashed on the rocks about 300 yards from the shore.

Lifeboats Capsized, Many Perished. Frantic attempts were made to launch lifeboats, but they capsized as soon as they were lowered into the tremendous seas. Their human freight was tossed on the rocks by the breakers or drawn back into the angry water.

Men, women and children perished in the seas while others remained huddled on the deck crying piteously in vain for help. Through the roar of the storm, the shrill blasts of the ship's whistle sounded a distress call continuously. Above the bellman the sharp report of Commander Ismael Suarez's pistol rang out and he fell dead at his post on the bridge.

## Survivor Tells His Story

The vessel had filled rapidly with water and three hours after she struck was virtually buried under the waves. Then the ship broke in two and the few who remained aboard were thrown into the sea. One of the survivors, Jose Aguila, an army conscript, said in a hospital at Lebu:

"My companions and I were saved only because God is great. The only thing I remember is that after being thrown into the water I clutched a floating timber. A huge wave raised me thirty feet into the air and dashed me against a rock. I do not recall what took place afterward. When I recovered consciousness, I found myself, stark naked, sprawled upon the beach."

Another survivor, Andreas Carrillo, a sailor, said he could not explain how he was saved. After being cast on the beach naked, he looked for the ship but could see nothing. He thought it had gone down. Carrillo made his way to the nearest house.

## Find Three Other Survivors

He was refused admittance, the inhabitants thinking him a tramp. After an hour of argument he convinced the housewife that he really needed assistance. After a brief rest they set out in search of other survivors. They found three army conscripts, Aguila, Humberto Spivoda and Humberto Diaz, all naked.

The ministry of marine announced that when the cruiser Zenteno and the destroyer Williams reached the scene they found no trace of the Anzanius, nor any survivors. They were sent in response to signals picked up by the steamer Tarapaca and relayed by the naval station at Talcahuano. The Tarapaca intercepted a weak message from the Anzanius at 10:40 Friday night saying the transport was in difficulties but not giving its position.

## Passengers Laborers and Families

The passengers aboard the Anzanius included laborers and their families en route to the nitrate fields in the north. It is understood that several government officials and their families were also aboard the vessel. When leaving Punta Arenas, and before additional passengers were taken aboard, there were 215 members of the crew and 76 passengers on the vessels.

## BOTTLE OPENERS PART OF HOTEL ROOM EQUIPMENT

New York, July 9 (AP).—An announcement from a new hotel opening next week says that bottle openers are being placed in each room as part of the regular equipment of soap, towels and such articles. Hotel men have found that the sharp edges of tables, chairs and radiators have been used by guests who brought their bottles but forgot their bottle openers. Owners of the new hotel believe their foresightedness will save thousands of dollars each year.

## Hornell's Hottest Day

Hornell, N. Y., July 9 (AP).—With the mercury at 95 at 9 o'clock this morning and steadily climbing, Hornell experienced its hottest day of the summer. No prostrations were reported.

## Dies in Lockup At Saugerties

Charles W. Snyder of Catskill Remained in Village Lockup After Being Found in Stupor at Near of Railroad Station.

A man identified as Charles W. Snyder, a resident of Catskill, aged 48 years, died in the Saugerties lockup on Russell street that village on Friday evening.

Snyder was discharged from a West Shore railroad train that stopped and later was found in a stupor back of the station. Police Captain Richter was notified and took Snyder to the lockup in an automobile where Dr. Krom made an examination of the man who was suffering from alcoholism. Later Officer Carle of the local force found the man cold and at once notified Dr. Krom who called Dr. Emerick and both physicians pronounced the man dead.

Health Officer Kamp was called and the body removed to the undertaking parlor of Norvin Lacher, and Coroner Conner of Kingston was called who directed an autopsy by Drs. Krom and Van Hovenberg. There was no evidence of foul play and death was probably due to alcoholism.

At the time Mr. Snyder was seized with illness he had with him equipment which indicated to the authorities that he had been on a hunting trip and was returning home when he was seized with the spell.

The identity of Snyder was ascertained through a hunting license found in his clothes. This license had been issued by Town Clerk George W. Swartout of Catskill.

Captain Richter also went to Catskill and ascertained that Snyder had a brother-in-law living there and notified him of Snyder's death.

## COURTNEY FAILS IN HIS FIRST ATTEMPT

Horta, Island of Fayal, Azores, July 9 (AP).—Captain Frank T. Courtney, who attempted a trans-Atlantic flight a year ago and got no further than the coast of Spain, has failed in his first attempt this year.

He hopped off at 6:25 a. m. Greenwich meridian time (11:25 a. m. eastern standard time) Sunday for Halifax, but fog and strong winds forced him to return 10 hours later.

His progress westward had twice been reported before he turned back at 8:30 a. m. Greenwich time. The steamers LaFayette and Balmoral Castle received this radio message from his flying boat:

"Bound for Newfoundland. All well."

A radio message relayed by the liner Homeric from the steamship Sagmore stated that the plane had been sighted headed northwest at 10:18 a. m., about one-fifth of the distance between Horta and Halifax. Captain Courtney arrived at Horta on June 28 from Lisbon, Portugal. With him were E. B. Hosmer of Montreal, backer of the flight; Fred Pierce, mechanic, and E. W. Gilmore, radio operator. In that flight his radio was damaged and he was held at Horta until it was repaired.

Last year Captain Courtney took off from Plymouth, England, on a trans-Atlantic flight and landed near Corunna, Spain. He was delayed there a long time by bad weather and finally gave up the attempt.

## MOVE ROCKEFELLER HOME TO CONEY ISLAND

New York, July 9 (AP).—A dispatch to the New York World today from Owego, N. Y., says that the house near Richford, N. Y., in which John D. Rockefeller was born 49 years ago yesterday is to be moved to Coney Island, where 50,000,000 Americans who visit New York's playground every year will have an opportunity to view it.

The house was bought by Mrs. Sarah S. Deneen, secretary of the Coney Island Chamber of Commerce, from Mrs. Carrie Rockefeller of Harford Mills, N. Y., cousin by marriage of Mr. Rockefeller.

The house is to be furnished to represent as nearly as possible the farm house of a century ago. People of the vicinity of Harford Mills and Richford and a museum have offered to aid her in this work. Mrs. Deneen said she hopes it will be unnecessary to charge an admission fee to view it.

The old house is said to be in good repair. It has been changed little from the time Mr. Rockefeller was born there.

Mr. Rockefeller's parents moved from the house when he was four years old. In recent years it has been used as a summer camp by Mrs. Carrie Rockefeller.

## Fay Fines for Reckless Driving

Wilfred Baker, Bloomfield, N. J., Cecil Henry, New York city, and David Weiss of the Bronx, were arrested Sunday by State Trooper Klein on the Saugerties road who arraigned them before Judge Alexander Speers in the town of Ulster on charges of reckless driving of automobiles. Fines were imposed which were paid.

## Escapes From Guards

Tupper Lake, N. Y., July 9 (AP).—R. J. Stanfield, former state trooper who was shot and wounded while being pursued as an alleged runaway by a prohibition agent and state troopers near here last week, escaped his guards at a hospital here yesterday.

## Heat Wave in Eastern States

New York, July 9 (AP).—Eastern states today continued to suffer in the grip of a hot wave. Twenty-one or more drownings occurred during the mid-days when the sun shined Sunday at crowded bathing resorts. Two persons died from the heat in New York city. In Washington the thermometer registered 93 and there were five prostrations. The highest temperature recorded in New York city was 91.

The hot wave struck the east after three days in the midwest, where it caused several down deaths. Ten persons were drowned in the Metropolitan district. Two deaths and two prostrations were attributed to the heat and one person was fatally injured in an automobile accident resulting from the unusually heavy traffic.

It was estimated that between 2,000,000 and 3,000,000 New Yorkers left the city during the day and of those 1,000,000 went in swimming. Most of the drownings were of children who had gone in wading and got beyond their depth. A negro man was drowned at Freehold, N. J., while attempting to rescue an 11-year-old negro boy. Several other persons were rescued.

A young man at Milford, Conn., was drowned when he rescued two younger girls after their canoe had capsized. She could swim but was caught by the undertow.

## Arrest Two as Drunken Drivers

Ole Peterson of Olive Bridge and William Van Dyke of This City Arrested Charged With Driving While Intoxicated.

Sunday the police arrested two automobile drivers in Kingston charging them with operating automobiles while in an intoxicated condition.

William Van Dyke, a negro residing at 2 Converse street, was arrested for operating a Chevrolet truck and colliding with the fire truck of Excelsior Hose Company which was parked in front of the engine house on Hurley avenue. Van Dyke had two charges lodged him; one for operating a car while intoxicated and the other of driving without a license.

This morning in police court the negro was represented by Attorney Chris J. Flanagan and a plea of not guilty was entered and the hearing adjourned to July 18.

Ole Peterson of Olive Bridge was arrested Sunday evening charged with operating an automobile on Broadway while intoxicated. He was arrested near Thomas street. This morning he said he would like to get in touch with his lawyer and the hearing was adjourned to Saturday.

## Storms Cool Off Midwest

Chicago, July 9 (AP).—Arctic and equatorial tent phenomena and torridity to the midwest over Sunday.

Aurora Borealis streaked the night skies, while the daytime was a succession of blistering hours that claimed at least 32 lives and sent sweltering thousands to beaches for relief.

Chicago with its massed millions had 15 deaths directly attributed to the heat. Illinois, Wisconsin, Michigan and Kansas also reported fatalities either from drowning or heat prostration.

Out of the west last night there came relief, borne on thunder clouds which dumped cooling storms over much of the area. Throughout the night the mercury sagged slowly from marks as high as 100 degrees, and the readings were down to 70 in many places this morning. An official estimate of the number of persons who crowded the Lake Michigan beaches in Chicago was 500,000.

The Aurora Borealis, which was pronounced Saturday night, disrupted wire communication and hindered radio reception.

## Girl Sustained Fractured Skull

Dina Spier, 10, of New York city, is at the Benedictine Hospital with a fracture of the skull sustained Sunday afternoon when she was struck by an automobile driven by William Stark of this city. Her condition this morning was reported as fairly good.

According to the report made of the accident the girl ran across the road at Shokan directly in front of the approaching car. Stark, to avoid hitting her, swung his car toward the side of the road and as it went into the ditch it skidded and the rear end struck the girl, knocking her down.

Riding in the Stark car as a passenger was Mrs. J. E. Klock of this city who received a fractured rib and was badly shaken up. Both she and the little girl were rushed to the hospital here for treatment.

It is said by State Troopers who witnessed the accident that it was unavoidable.

## Smith to Confer With Robinson

Running Mate Nominee Him of Proposed to Stop Over in Albany—Fittman at Executive Mansion—Reed Promises Support.

Albany, N. Y., July 9 (AP).—As the Democratic presidential nominee, Governor Smith is shaping up his campaign plan in consultation with others.

Although he will have the first say both as to organization and strategy, he is inching by seeking the advice of various party leaders that he has no pre-conceived ideas as to what should be done.

Already he has gone over the situation with some of his close friends who attended the Houston convention, and has as his house guest Senator Pittman of Nevada, who served as chairman of the platform committee.

Today the governor looking forward to a chat here with Senator Robinson of Arkansas, his running mate, has the assurance of Senator Reed of Missouri that he would come east to cooperate with him in campaign planning, and had arranged to be in New York city Wednesday to take part in the deliberations of the National Committee. At that time it is expected that a campaign manager will be named and dates set for the official notification of both the Democratic nominees.

Senator Robinson, on his way from his home in Arkansas to the New York committee meeting, advised Governor Smith that he would stop off in Albany late today.

Reed, one of the most vigorous of campaigners, has declared a willingness to do his utmost in behalf of the Smith-Robinson ticket and he is coming east to confer with the New York governor at the nominee's request. He planned to leave St. Louis today.

In connection with the coming session of the National Committee, a number of party leaders have been mentioned for the post of committee chairman, but the nominee, who will really make the selection, has not indicated his preference. Senators Gerry of Rhode Island and Pittman both have figured prominently in speculation.

One of the questions to be determined Wednesday was whether the Smith and Robinson notification ceremonies should be delayed until after the Republican nominees have been advised officially of their selection. In the past it has been customary for the Democrats to wait, but with the probability that the Hoover notification will not come before the first or second week of August, some of Governor Smith's advisors are urging him to go ahead so that his speech of acceptance can be delivered, and a start made on campaigning.

The stumping plans of neither Governor Smith nor his running mate have been determined, although it is expected that both will take to the road about Labor Day and press their campaign without a letup until election day in November.

## Leeds and Miss Astaire Burned

Oyster Bay, N. Y., July 9 (AP).—The quick action of William B. Leeds, son of the late tin plate king, probably saved the lives of himself and Adele Astaire, actress, when his \$75,000 speedboat, fan tail, burned to the water's edge at the pier here yesterday afternoon. Both were severely burned.

Leeds and Miss Astaire, who with her brother and dancing partner, Fred Astaire, was a week end guest at the Leeds' Long Island home at Cove Neck, had just entered the boat to take a trial spin. He started the motor. The backfire ignited gasoline seepage in the hull of the craft. The boat almost immediately was enveloped in flames.

Leeds picked up Miss Astaire, who had collapsed, and lifted her to the landing stage. Then climbing onto himself he pushed the fan tail out into clear water. An explosion occurred a moment later and the boat was destroyed.

Miss Astaire and her host were treated at the Leeds' home but her burns were found to be so severe that she was taken to the New York Hospital. Hospital authorities said she was in no danger. Mr. Leeds remained at home.

Mrs. Leeds, the former Princess Xenia of Russia, and Fred Astaire were standing on the pier waiting to get into the boat when the accident occurred.

## BEAUTIFUL LIGHTS IN SOUTHERN SKY SATURDAY

About 10 o'clock Saturday night Kingston residents were surprised to see beautiful rays of light in the sky to the southwest of the city. The rays were a beautiful shade of pink and were plainly visible for a quarter of an hour when they turned to white and then disappeared. Those who saw the sight say it resembled the spokes in a wheel with the hub as the center from which the rays of light radiated. Many persons who saw them believe they were not the northern lights which are seen only in the sky to the north at certain periods of the year, although other critics report a brilliant display of aurora borealis Saturday night.

## Benedictine Nurses' School

Young ladies desiring to enter the Benedictine Training School for Nurses in September should make application now to the principal of the school. Applications should be addressed to the Benedictine Hospital, Kingston, N. Y.

The training school is registered and non-sectarian and is conducted by the Sisters of the Order of St. Benedict. The requirements are one year to high school.

The Chief Aim of Man.  
At 4—To wear pants.  
At 8—To miss Sunday school.  
At 12—To be president.  
At 14—To wear long pants.  
At 18—To have monogrammed cigarettes.  
At 20—To take a show girl out to supper.  
At 25—To have the price of a supper.  
At 35—To eat supper.  
At 45—To digest supper.

The man who would hide behind a woman's skirt these days is needlessly alarmed. No one would pick on a little fellow like that.

Hint to those who would abolish war: Pray more and prey less.

It is more profitable to burn midnight oil than midnight gasoline.

By improving each shining hour the busy little bee has plenty to hide him over the hours that do not shine.

So live that when you meet the payroll you won't be ashamed to look it in the face.

The highest pitched musical instrument is the piccolo. And some times the farthest.

Her Mother—Young man, if you should marry my daughter it would kill me.  
Johnny—Is that a promise?

You can't always tell by appearances. When the cat humps its back it may mean that the cat is pleased. It also may mean that fur is going to fly.

A Russian actress declares that beautiful legs for ugly girls are possible. Make your own comment, brother.

Eva: "Why don't you and Hank get married?"  
Lois: "Because we can't get any house or flat."  
Eva: "But can't you live with your parents-in-law?"  
Lois: "No. They're still living with theirs."

Golf and Webster are alike and not alike, both increase the vocabulary.

"Do you know how to make a peach cordial?"  
"Sure; send her a box of candy."

A scientist is trying to discover why women are so free to shed tears. That's easy. It is probably due to the fact that they have nothing else to shed.

Don't explain. The village clerk knows the cigarettes are for your husband; the metropolitan clerk doesn't care.

"Never do that again, John."  
"Heh."  
"Never honk for me to come out of church."

Ball Player—We gave the umpire 50 bucks to let us win the game.  
Friend—And still you lost?  
Player—Yeah—the umpire was crooked.

Bobby—"Daddy! A boy at school told me that I looked just like you!"  
The Dad—"That so—and what did you say?"  
Bobby—"Nothin'. He was bigger'n me."

Mr. Gaddis was playing golf alone. A strange boy kept following him around the course. At the seventh hole he became impatient and turned to the boy, saying: "Son, you'll never learn to play by watching me."

"I'm not watching you," the boy replied. "I'm going fishing as soon as you dig up some more worms."

All leaders and no followers make a Democratic party.

## Howard Elliott Is Dead at 68

Well Known Railroad Man Succumbs to Heart Disease—Largely Instrumental in Placing New Haven System on Firm Footing.

NEW HAVEN, July 9 (AP)—Howard Elliott, a railroad man whose success was attributed largely to prosperity of three great lines, is dead here today.

The former president of the New York, New Haven and Hartford and Northern Pacific Railroads and president of the Burlington system, died late last night to an attack of heart disease at the summer home of his daughter, Mrs. Frederick B. Elliott. Although Elliott remade the New Haven, his abilities were long since recognized in the west, where under his guidance the Northern Pacific had succeeded in regaining the will to the extent that under his regime it doubled its capacity and volume.

Elliott started railroading while a student at Harvard when he accepted a job as a rodman in a surveying party.

His rise was rapid. He was a vice-president of the Burlington system when the late James H. Hill, "empire builder of the north," picked him for the presidency of the Northern Pacific, a post he held for 16 years until the New Haven found itself badly in need of someone to revitalize the system and restore public confidence.

Elliott was chosen and by heroic measures averted a financial crisis, and off a threatened government liquidation and worked the complete physical and financial rehabilitation of the road.

He held the presidency from 1913 to 1917, when he was forced to resign because of a nervous collapse brought about by overwork.

When the war came he returned to the field and was made chairman of a committee that inaugurated the new system to facilitate coal transportation.

In 1920 he was recalled to the Northern Pacific to become chairman of the board. At various times Mr. Elliott was a member of the directorate of the Burlington, the Colorado and Southern, the New Haven, the New York, Ohio and Western Railway and the Western Union Telegraph Company.

He was born in New York on December 6, 1860, and in 1892 married Miss Algonon of St. Louis, who died in 1925. They had two daughters and a son.

## City Swelters in July Heat Wave

Kingston was in the grip of an intense heat wave Sunday and today, and the thermometers all registered in the nineties about the city. Where the thermometers were exposed to the rays of the sun well over a hundred degrees were registered.

Sunday afternoon traffic was exceptionally heavy, passing through the city with auto loads of people taking a cool spot. The roads around the Ashokan reservoir carried heavy traffic all day Sunday.

Sunday night it was more comfortable to sleep without even a sheet, a bed covering and today the heat was just as intense as that of Sunday. Electric fans were kept going, practically all offices and business houses throughout the city and it was a more common sight to see a man in his shirt sleeves than one in a coat on.

## New York Has Year's Hottest Day

NEW YORK, July 9 (AP)—By a rise of seven degrees in one hour the temperature reached a new high point at the year at noon today. At that time the weather bureau reported an actual temperature of 92 degrees, one degree higher than the highest recorded.

The weatherman predicted that the heat would increase during the afternoon but did not believe it would reach the record for July 9 of degrees, established in 1876.

Numerous prostrations were reported.

## Deny Lowenstein Perpetrated Hoax

BRUSSELS, July 8 (AP)—Although some persist that Captain Alfred Lowenstein did not meet death in a fall from his plane, his family here today that he is not perpetrating a hoax.

The family issued a statement today that unfortunately there was doubt that he was dead.

Nevertheless this belief is likely to be little legal weight and the settlement of his estate will become a legal affair because of the vast amount involved and the manner of disappearance. If the body remains undiscovered it is thought that it might be as long as thirty years before the whole question of inheritance can be settled.

The family therefore has summoned all those who were in the plane crash to Brussels and give depositions in an effort to establish legal facts of death.

Notably Hoover August 11.

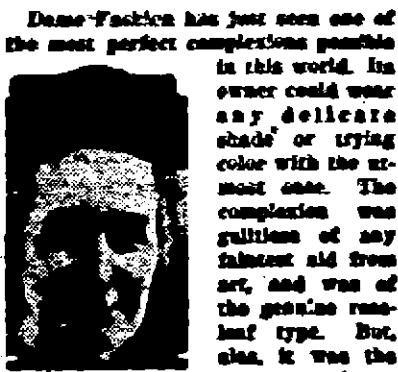

Washington, July 9 (AP)—Secretary Hoover will be formally notified of nomination for President by Republicans at Leland Stanford University in California on August 11.

Earl Smith Released.

Memphis, July 9 (AP)—Earl Smith, veteran catcher, passed from his league baseball picture today when he was granted his unconditional release by the Pirates.

## Dame Fashion Smiles

By Grace Jewett Austin

Grace J. Austin.

Dame Fashion has just seen one of the most perfect complexion possible in this world. Its owner could wear any delicate shade of pink or trying color with the utmost ease. The complexion was guileless of any taint and from art, and was of the genuine sun-kissed type. But, alas, it was the property of an athletic young man, and not a fair maiden! He declared that diet and exercise was the secret—and to have such a complexion most of the girls in the United States would be willing to live on orange juice, milk and raw eggs, which seemed to be his staff of life. But in spite of diet aids, after all such a complexion must be a gift of the fairies or a kindly Providence, and comes seldom to ordinary mortals.

Strolling homeward the other day Dame Fashion could not possibly resist the temptation to enter a friendly door and smell a great many beautiful blossoms. Gladiolus blooms, whether rising in a stately manner out of doors, or brought to the city from a fostering hot-house, are always among her special favorites. She has always declared that a corage boutonniere built around a single gladiolus bloom would have nearly an orchid value, and after she had been vigorously declaring this for awhile, they were good enough to pin one perfect gladiolus bloom on her gray coat, so that she could go on her way rejoicing.

Her next port of call was in another haven of rest, where tints like the flower and the leaf and the stems are all crystallized, kiln-fired and kept in forms of beauty. A friend came over to her and said, "What a good flower that is; how like the real!" Then she touched it, and said in surprise, "Why, it is real!" That was a tribute to the art of the modern coat-flower maker, whose works are so choice that they deceive the elect. For when Dame Fashion proudly declared, "Yes, this is a Penbenton," this flower lover replied, "Oh, you mean 'Mrs. Penbenton'—indeed, she is 'Mrs. Frank Penbenton'!"

After breaking the commandment about covering a few score of times, when looking at choice glass, iridescent china pitchers and dishes beautiful enough to match quail, live lobsters and alligator pears, Dame Fashion made one last call for the day where all the good foods so abundant in America were heaped on high.

Here the funny fairies whispered, "How beautiful a strawberry crepe gown would look, worn with a Kohl-rabi colored hat, a Spanish onion coat, and a soft fluffy fox around your neck, just the color of a twisted doughnut!"

## Frilled and Caped Is Chic Summer Costume

Here is the very costume to round out your summer wardrobe and the best of it is it's not particularly difficult to evolve. The circular cape with its smart collar is one of the smartest wraps of the summer. The modest surprise frock is very simple, three bands of shirring around the long waist make chic and unusual lines, while the plaited frill fulfills the vague for ruffles and lends the dress a delightfully feminine charm. Beige crepe de chine polka-dotted in navy blue would be attractive for the frock as well as the lining of a navy crepe de chine. —Woman's Home Companion.

## Batiste Neckchiefs

Silk neckchiefs in unlimited variety we have, but the new neckchiefs of batiste is new and chic. These large squares come printed in gay designs, with wide colored borders. Their coolness is one of their desirable qualities.

## Flying Across Siberia

Moscow, July 9 (AP)—John H. Mears and Charles G. D. Collier were flying across Siberia today in an attempt to break the record for crossing the globe. They landed at Novosibirsk at 9:30 last night and started at 3 a. m. today for Krasnoyarsk, Siberia. They left there at 6 for Chita, Siberia.

## Matters Before The Surrogate

The estimated value of the legacies of Frank M. Brink and J. Louis Brink, sons, to whom letters testamentary have been issued in the surrogate's court in the estate of Hearlette O. Brink of the town of Ulster is \$4,600 each. The will has been admitted to probate. Value of estate is given in probate certificate at \$125 real; \$10,000 personal. Beneficiaries are Donald W. Brink, grandson, a woodlot of 25 acres and gold watch of grandfather; Frances B. Brink, a granddaughter, piano; Katherine O. Brink, granddaughter, diamond ring; rest of jewelry to granddaughters; \$100 to Women's Board of Foreign Missions of Re-

formed Church of America. The will was executed April 30, 1918; Mrs. Brink died June 10, 1928. Henry R. DeWitt is attorney for the petitioners.

Letters of administration have been issued in the estate of Cornelius H. Bishop of the town of Esopus to Helena S. Bishop. Value of estate, \$500 personal. Philip Eiting, attorney for petitioner.

East Kingston Man Prefers Jail.

In default of paying a fine of \$10 imposed by Judge Charles P. Jennings at Lake Katrine, Charles P. Fright of East Kingston is serving 10 days in the Ulster county jail. He was found guilty of assault in the third degree.

Lockwood Appointed Hurley Justice.

Leonard Lockwood has been appointed by the town board of Hurley a justice of the peace to succeed John A. Miller, resigned.

## Arrested On Assault Charge.

Harry Evans of East Kingston, arrested on Saturday on a charge of assault in the third degree, was placed in the Ulster county jail to be held to await a hearing before Judge Charles P. Jennings at Lake Katrine later.

## Palmateer, Moorhery, Gets Ten Days

Charles Palmateer is serving 10 days in jail, having been sentenced by Judge Charles R. Tiller of West Hurley. He was arrested on a charge of disorderly conduct, and found guilty.

## Lecture at Sahler's.

There will be an illustrated lecture on "Russia—Then and Now" by George H. Donaldson, Ph. D., in the pavilion in the park of the Sahler Sanitarium on Tuesday evening, July 10, at 8 o'clock. This lecture is free to the friends of the sanitarium.

**THE PROHIBITION PARTY.**

On seeing notice of the naming of  
 "the real Prohibition party" not a  
 few readers are likely to be in doubt  
 as to its identity. For the Anti-Saloon  
 League is widely supposed to be the  
 organized Prohibition party and it is  
 heard from quite often enough to  
 convey that impression. And now  
 we have the Prohibition party to be  
 organized by Bishop Cannon, which  
 seems to plan to become the drier of  
 the three. At any rate, it is re-  
 ported that negro baggage toasters at  
 Asheville will not be allowed to  
 shout "Porter? Porter?" when they  
 meet the trains, for fear some of  
 the thirsty delegates may mis-  
 understand and answer, "Yes,  
 please, but mix it with ale."

It appears that the "real Prohibition  
 party", whose Chicago convention  
 is announced, is the old original  
 organization of the country, and  
 that it intends to let neither the  
 Anti-Saloon League nor Bishop Canon's  
 sidishow crowd it off the po-  
 litical stage. Its national chairman,  
 being asked if it would co-operate  
 with the Anti-Saloon League, tartly  
 answered: "The Anti-Saloon League  
 is not a party and is not even a  
 league. It is merely a group of paid  
 superintendents." No doubt the  
 "real" orthodox party is ready to  
 wing a similar barbed shaft at the  
 Cannon upstart. The old-time Pro-  
 hibition party, with years of strug-  
 gle and numerous unsuccessful can-  
 didates for President behind it, evi-  
 dently respects itself, scorns all  
 rivals, and resolutely intends to go  
 it alone. Its continued activity at  
 this late day is by itself proof that  
 its members are not well content  
 and do not think very highly of the  
 sort of prohibition the country has  
 achieved.

**A WAR "MIRACLE" RECALLED.**

The issues and ideals of the World  
 War have not so faded that the pub-  
 lic generally can fail to be interest-  
 ed in the recall of a "miracle" of  
 American achievement. We refer to  
 the transport of two million Ameri-  
 can soldiers to France in the period  
 of the greatest peril from the ac-  
 tivity of German submarines. The story  
 is retold in an article published by  
 Gen. Peyton C. March, our Chief of  
 Staff after March 2, 1918. By July 1  
 of that year a million young Ameri-  
 cans had been carried over in  
 safety and a million more  
 were transported before the end  
 of the war in November of  
 the same year. This confounded the  
 Germans and virtually ended the  
 war, for they had counted on the  
 transportation of half a million a  
 year as the utmost of possibility.

It is related that Ambassador Jus-  
 serand was amazed at the accom-  
 plishment of so much more than he  
 had anxiously requested. After the  
 ferrying over of a million men in a  
 short time it was evident to the world  
 that what had been done could be  
 repeated and repeated—with the in-  
 evitable finish of the Germans. In this  
 great troop movement of two millions  
 49 per cent were carried in British  
 ships, 45 per cent in American, and 6  
 per cent by Italian, French and Rus-  
 sian ships. The assembling of the  
 American 45 per cent was by itself a  
 great achievement—enemy ships  
 seized at home and abroad, American  
 ships commandeered everywhere, and  
 ships built in 341 yards constructed  
 from Hog Island all over the coun-  
 try. The demand for them was im-  
 perative, for the Allies had lost 18,  
 000,000 deadweight tonnage, chiefly  
 by submarine sinkings.

The Washington correspondent of  
 the New York Herald Tribune  
 (Rep.) promises that Mr. Hoover  
 will vigorously join issue with Gov-  
 ernor Smith on the prohibition  
 question, declaring that his refer-  
 ence to prohibition in his speech of  
 acceptance "will be a direct and un-  
 qualified reply to Governor Smith's  
 telegram to the Democratic conven-  
 tion following his nomination, in  
 which he brought prohibition  
 squarely out into the open as a dom-  
 inant campaign issue by declaring  
 that he stood for revision of the dry  
 laws." But after venturing this con-  
 fident prediction the same corre-  
 spondent goes on to contradict him-  
 self as follows: "It is certain that  
 Secretary Hoover will take a posi-  
 tion for honest enforcement of the  
 prohibition laws as long as they are

on the statute books. But it is re-  
 garded as highly unlikely that he  
 will listen to demands from extreme  
 drys that he should publicly commit  
 himself to use the power as Presi-  
 dent, if elected, to block an organ-  
 ized movement by the American  
 electorate to repeal the dry laws  
 themselves."

The Boston Post urges that some-  
 thing be done to check the business  
 of advertising signs along highways  
 in violation of road markers. Many  
 advertisers have been copying the  
 shape and lettering of the legitimate  
 grade signs, often warning the auto-  
 mobilists to "Stop" for a hot dog or  
 gas or some other commercial prod-  
 uct. Not only are these signs ugly,  
 they are dangerous because they  
 lessen the efficacy of the authorized  
 signs. A motorist who has been  
 tricked by a couple of advertising  
 signs may ignore a real warning.  
 One of the things that attract the  
 attention and arouse the approval of  
 a person motoring in Ontario for the  
 first time is the absence of ugly bill-  
 boards and domineering ads along  
 provincial highways. A very few  
 have appeared, but they are likely to  
 be held in check in Canada as they  
 have not been generally in this coun-  
 try.

**THAT BODY OF YOURS**

BY

James W. Barton, M. D.

(Registered in accordance with the  
 Copyright Act.)

**WHAT STOMACH CAN STAND.**

Did you ever stop to think that  
 you have two eyes, two nostrils, two  
 ears, and only one mouth?

Perhaps Nature, the "friendly  
 force" behind us, had a motive in  
 this. However everywhere in the  
 body we see that there is always  
 enough of muscle, of nerve, of bone,  
 of blood vessels to do the work nec-  
 essary for that particular part of the  
 body.

There are two lungs, two kidneys,  
 and in so many ways we have the  
 knowledge that Nature is always  
 just a little ahead of our needs. An  
 editorial in one of our health jour-  
 nals calls attention to other ways  
 that Nature watches over us.

For instance many substances we  
 take into our stomach would be poi-  
 sonous if they were injected directly  
 into the blood.

But by the time the digestive  
 juices of the stomach and intestine  
 work on them, and then as they go  
 directly in the blood to the liver, the  
 liver separates out anything that  
 would be harmful to the body.

Similarly with little organisms  
 that get into the body, the body pro-  
 cesses are usually able to fight them  
 off.

He pointed out further the won-  
 derful way the alimentary or diges-  
 tive tract took care of article that  
 were swallowed either by accident or  
 intentionally, and yet this soft deli-  
 cate tube carried them safely twenty-  
 five to thirty feet and thence out  
 of the body.

An open safety pin swallowed by  
 an infant is a typical example of  
 what can go safely through this  
 alimentary tract.

Needles, tacks, glass, iron, almost  
 any and every kind of metal object  
 has been swallowed without injury  
 to the stomach.

At London, Ontario, a demented  
 individual who had been swallowing  
 various objects for years finally had  
 her stomach opened up and 2,500  
 separate objects were removed, the  
 total weight being six to seven  
 pounds. There was no evidence of  
 bleeding, of ulceration or other  
 damage to the stomach wall, and her  
 stomach was up in its normal posi-  
 tion a short time after the operation.

And yet careless eating, irregular-  
 ity of meals, worry, mental over-  
 work can so upset the chemical pro-  
 cesses of the stomach that an ulcer  
 forms in this very stomach lining.  
 It has been well said that man's  
 worst enemy is man himself.

Careful chewing of food and a  
 well balanced diet, food not too cold  
 nor too hot, regularity of meals, five  
 to six hours apart if possible, is all  
 that Nature asks of you in return  
 for her wonderful care.

**TWENTY AND TEN YEARS AGO.**

July 8, 1908—Alfred Hutton and  
 Miss Maud Stewart married by the  
 Rev. P. B. Strong.

July 9, 1908—Ulster and Dela-  
 ware railroad was to run north of  
 Ashokan reservoir, according to re-  
 location proposed by New York city.  
 Daniel Wall died at City of King-  
 ston Hospital. While selling court  
 plasters and pretending to be deaf  
 and dumb he became involved in a  
 fight at Kingston Point.

July 8, 1918—The War Savings  
 drive, carried on since June 22 in  
 Ulster county, closed with a total of  
 \$82,100.

The fire shipyards along the  
 Rondout creek that were tied up for  
 a week by a strike of the shipyard  
 men resumed work, as the strikers  
 returned to their jobs.

July 9, 1918—N. A. Dillinger of  
 McKee's Rocks, Pa., engaged as  
 physical director at local Y. M. C. A.,  
 succeeding L. C. Godfrey, who had  
 resigned to go to Rochester.

Edward T. Decker and Mrs. Cath-  
 erine Moore married.

**Valuable New Alloy**

A new alloy for moving picture  
 screens which shows pictures clearly  
 with half the usual electric current,  
 has been invented and successfully ap-  
 plied in three workmen's clubs in  
 Longford, according to motion picture  
 authorities. A special shape in the  
 screens is also said to increase the  
 effect of perspective in the pictures,  
 making figures seem to stand out in  
 sharp relief against the backgrounds.

**NEW PALM**

New Palm, July 9.—The current  
 number of the Mohawk Bulletin an-  
 nounces "Laurel week, late June, at  
 Mohawk. A Mohawk Silverman,  
 Mosely Hoffman, has been catching  
 large pickerel, twenty-three inches  
 and over, yellow perch and a lake  
 trout. They had to be put back.  
 Flowers lately to be seen in the Mo-  
 hawk gardens are peonies, dentarias,  
 nigellas, viburnum, columbine, rho-  
 dodendron, azalea, day lily, iris and  
 Hawthorn. A specimen of a rare  
 and beautiful orchid, the white lady  
 slipper, was lately found at Mohawk.  
 Seventy excursionists, under leader-  
 ship of A. V. Honeyman, timed a re-  
 cent Mohawk visit so as to enjoy the  
 mountain laurel."

Mr. and Mrs. Robert Clearwater  
 of Poughkeepsie called on Jacob  
 Clearwater and family recently.

Mr. and Mrs. Edward Kaffen en-  
 joyed a trip to New York Sunday,  
 June 24.

Mr. and Mrs. Clarence Place of  
 Poughkeepsie and New Palm rela-  
 tives called on Mr. and Mrs. Ann  
 Clearwater at High Falls last Sun-  
 day.

Miss Anna Duryea, who is in  
 training at Vassar Hospital, Pough-  
 keepsie, has been visiting her home  
 in town.

A number of New Palm people  
 motored to Ashokan dam on Sunday  
 and enjoyed looking at the water  
 coming over the spillway.

Mrs. Charles Schilling came  
 home July 4.

Blanche Guinac is visiting her  
 cousin, Marion Mackey, at New Hur-  
 ley.

Mrs. DuBois Grimm is at the  
 home of Mrs. Elizabeth Van Keuren  
 on Eltinge avenue at present.

H. H. Decker of Highland was in  
 town on business Tuesday.

Mrs. Preston Paltridge and Mr.  
 and Mrs. A. D. Waker and family  
 of Modena were entertained by Mr.  
 and Mrs. Herman Osterhout at their  
 home on upper Main street on Sun-  
 day.

Mr. and Mrs. George M. Van Vleet  
 and Mr. and Mrs. Forrest D. Miller  
 of Newburgh called on Mrs. Webb  
 Kniffen and family Tuesday evening,  
 July 3.

Hugo Freer spent the week end at  
 Niagara Falls.

Miss Lucile Stevens and Miss Caro-  
 lyn Stahl are attending summer  
 school at Cornell University.

Mrs. Lawrence H. Vandenberg was  
 hostess to the Bridge Club last  
 week.

Miss Jane Adee is spending some  
 time in New York city.

Mr. and Mrs. Henry Unland are  
 entertaining friends from Ohio.

Mr. and Mrs. Edward Conway of  
 Albany spent last week end in New  
 Palm.

Mr. and Mrs. Samuel Dayton of  
 Mohawk View Cottage have a full  
 house booked for the summer.

Miss Sigma Evers of New York is  
 spending a few days at her home on  
 Huguenot street.

Mrs. Christian Becker has been  
 spending several days with friends  
 in New Jersey.

Mr. and Mrs. Eugene Relyea spent  
 part of their honeymoon at Lake  
 Mohawk and part on a motor trip to  
 Delaware Water Gap.

**SAMSONVILLE.**

Samsonville, July 9.—Harry E.  
 Christians and Mr. Paul from Stuy-  
 vesant visited Virgil Shurter on Fri-  
 day last from their fishing trip in  
 Rochester.

Mrs. Bevier returned on Tuesday  
 from her visit to Stuyvesant.

Daisy Myers came home from Wit-  
 tenberg on Tuesday to spend the  
 Fourth in Samsonville.

Mrs. Elsie Davis and girls, Evelyn  
 and Phyllis, are spending a few days  
 with her parents, Mr. and Mrs.  
 Horace Myers.

Maude Shurter of Kingston came  
 home to spend the Fourth.

Samsonville folks are glad to see  
 a number of out of town friends,  
 some of whom were old residents.

 Alva S. Staples, a parcel of land at  
 rear of Highland avenue. Consi-  
 deration \$1.

**CHRYSLER**

Presents entirely new style creations  
 in the fine car field

New Chrysler "75" Roadster (with rumble seat), \$1555

New Chrysler "65" 4-Door Sedan, \$1145

THESE two entirely new Chrysler Sizes—  
 the "75" and the "65"—are deliberately de-  
 signed and executed to inspire public admi-  
 ration to such a pitch that they will immediately  
 supersede all that has gone before and usher  
 into existence an entirely new motoring vogue.

Striking new standards of beauty have been  
 created in these new Chrysler Sizes, even when  
 the artistry of a great industry has seemed to  
 be at its height.

The wholly new Chrysler style creations, now  
 shown for the first time, represent unusual

advances over even Chrysler power, speed  
 and efficiency.

We believe that, at their new low prices, they  
 demonstrate that Chrysler engineering, re-  
 search and manufacturing again have greatly  
 increased the buying power of the dollar when  
 invested in motor cars.

We are confident that all who are even re-  
 motely interested in the progress of motor car  
 artistry will find themselves amply repaid by  
 their immediate inspection of these two new  
 Chrysler style achievements.

New Chrysler "75" Prices—Royal Sedan, \$1535; 2-passenger Coupe  
 (with rumble seat), \$1535; Roadster (with rumble seat), \$1535;  
 Town Sedan, \$1635 (wire wheels extra). All prices f. o. b. Detroit.

New Chrysler "65" Prices—Business Coupe, \$1040; Roadster, \$1065;  
 2-door Sedan, \$1065; Touring Car, \$1075; 4-door Sedan, \$1145;  
 Coupe (with rumble seat), \$1145. All prices f. o. b. Detroit.

## Flashes of Life Sketched in Brief

(By The Associated Press)

New York—Aboard the land yacht, with salon, bedroom, bath and kitchen! A de luxe touring automobile, specially built in England for some undisclosed American, is aboard the liner Minnawaska, bound for the Rockies.

Washington—Once a great reptile used to fly over Oregon. The discovery of fossil remains of such a creature in Oregon rocks is noted by the Smithsonian Institution.

New York—Bush negroes of Dutch Guiana, members of tribes whose women often have had three husbands and sometimes seven or eight, are to be studied on an expedition by Dr. Morton Kahn of Cornell and Dr. Melville Herskovits of Northwestern.

Boston—The date of the biblical exodus has been determined, Mr. Melville Grove Kyle of St. Louis, back from an expedition in Palestine, says discoveries fix it as 1275 B. C.

Oslo—Crown Prince Olaf of Norway is to compete in the Olympics. He will sail a six-meter yacht.

Philadelphia—Kenneth Myers is to hang up his shovel for a few weeks in order to use oars for Uncle Sam. He's railroad fireman and sculler. Thinking he was badly heeded on his run from Philadelphia to Jersey City, he hesitated to ask off. But his boss was glad to let him compete at Amsterdam.

London—One of the most delightful things to Joe Wright's mother and sister about his winning of the diamond skulls at Henley is that they now can wear new togs. He felt that if they displayed them before the race he would have had luck.

Laramie, Wyo.—In thought there is a great immigration of folks from the sweltering area east of the Mississippi. The Sad Lake area of the Medicine Bow National Forest is now blanketed. A storm lasted four hours.

Camp Dix, N. J.—Cornelius Van-

derbilt is trying to save Philadelphia from an invasion by 25,000 enemy troops who have landed in New Jersey. He is a brigadier general and is engaged in maneuvers with other reserve officers of the 11th Division.

Perth Harbor, N. J.—George Dietter's explanation of the death of his wife, whose body was found with a fractured skull on a roadside, is that she was driving from the back seat and jumped out when provoked. He is accused of manslaughter.

## Celebration by K. of C. on July 15

On Sunday afternoon next, July 15, Kingston Council, No. 275, Knights of Columbus, will celebrate the fifteenth anniversary of the laying of the cornerstone of the council home, corner of Broadway and Andrew street. The exercises, which will commence at 3 o'clock, will consist of instrumental and vocal selections and addresses by prominent members of the order.

John E. Mahar, who was grand knight of Kingston Council when the cornerstone was laid and the building erected, but who has since removed to Hartford, Conn., will be present and deliver an address. Addresses will also be delivered by the present grand knight, Florian P. Wingert, and Mayor Dempsey, who has been invited to attend, and also by the chaplain of the council, the Rev. F. X. FitzPatrick.

Supreme Director Daniel A. Tobin will represent the supreme council, and State Deputy Walter A. Lynch, the state council. Each will make an address as will also the newly appointed district deputy for this district.

Invitations have been sent out to the various councils in the Hudson Valley Chapter and to prominent knights along the Hudson river.

Following the exercises open house will be held, when the public will be invited to visit the building and there will be a reunion of the knights who were active in the affairs of the council in the past.

## Artificial Ripening

Experiments carried on by Dr. J. T. Rose at the University farm at Davis, Calif., show that certain fruits can be given the color and texture of ripeness by treatment with ethylene gas.

He wondered why  
he was so unpopular  
...until he learned the truth about "B. O."

It was office gossip

"Aren't you glad you don't have to take his dictation, May?"  
"I certainly am! It's a pity someone doesn't tell him about 'B.O.'"

(Body Odor)

"YES, I expect big things of Adams," the president had said of Bill when he first came with the firm. And no one could have doubted that Bill was headed for a brilliant future. He had brains. He was an interesting talker. He made a fine appearance. Everything was in his favor.

But somehow, Bill didn't get ahead. In spite of all his good points, people didn't take to him. The president himself soon began to ignore Bill—and everybody else just deliberately avoided him.

Bill worked harder—but it wasn't any use. Something was keeping him back. He didn't know what it was.

Yet behind his back, almost everyone in the office was talking about Bill—and what was wrong with him. "B.O.," they called it—you know—Body Odor!

## Body odor now unnecessary

Business men today want their employees to be particular about themselves—as well as efficient in their work. Many a promising career has been ruined by "B.O." Socially, too, body odor harms us—often more than we ever suspect.

Of course, we can't help perspiring—it's natural, beneficial. Even on cool days we perspire as much as

a quart of odor-causing waste every 24 hours. And we don't know we offend, for our own sense of smell soon becomes deadened to this familiar odor. But others detect it instantly.

## Purifying pores keeps body fresh

So the safest thing to do is to prevent odor—not by merely covering it up—but by removing the cause—with Lifebuoy. Lifebuoy is so delightful that millions find it a joy to wash and bathe with it regularly. Its mild and abundant antiseptic lather deeply purifies the pores, giving bath-to-bath freshness of body.

## Fine for complexions, too

This same gentle, antiseptic Lifebuoy lather also purifies face pores—keeping the skin radiantly fresh and clear, glowing with health. It guards health too, by removing germs. "For every toilet purpose—Lifebuoy is best," declare men and women everywhere.

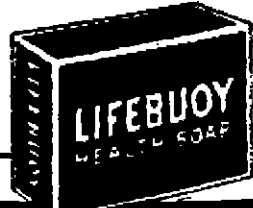

You will learn to love Lifebuoy's pleasant clean scent, which tells you Lifebuoy purifies, and which vanishes as you rinse. Use Lifebuoy a week and you'll use it for life. Get some today.

## Governor Smith Here on Saturday

Kingstonians, who gathered at the West Shore train Saturday evening for a glimpse of Governor Smith, Democratic nominee for the presidency of the United States, were well repaid, for the governor came down off the platform of the special Pullman and shook hands with the small throng that gathered when news of his arrival spread.

The governor was returning to Albany on the 9:53 train Saturday evening and with him were Senator Key Pittman and others. Governor Smith introduced Senator Pittman of Nevada. The senator said that the west was with the governor. In chatting with those who gathered to congratulate him upon his being nominated as Democratic presidential nominee, the chief executive was very happy. Among other things the governor said Kingston was a very beautiful city.

Nicholas Sherlock, cigarmaker of 90 Broadway, presented the governor with a box of cigars and Jimmy Castor opened the box and lighted one of the smokes for him.

Governor Smith seeing the danger of people climbing aboard the train to congratulate him, jumped off the Pullman and walked through the crowd. The governor was dressed in evening clothes but he peeled off his coat and went about shaking hands in a two-handed manner. The train stopped in Kingston for about five minutes.

## State Chaplain of N. of C.

The Rev. Francis Charles Campbell, former president of Cathedral College, New York, and at present rector of St. Jerome's Catholic Church, 135th street and Alexander avenue, the Bronx, has been appointed New York state chaplain of the Knights of Columbus, to succeed the Right Rev. Edmund J. Britt, of Buffalo. Dr. Campbell, who has been a member of the Knights of Columbus for many years, was formerly the chaplain of Mystic Rose Council of New York.

GIBSON, ISAAC M. BASKY, As Executors of Helen M. D. Barrett, N. Y.

## Hocmer Party See Many Places

To the Folks at Home:

Left Chicago at 11 p. m., Sunday for Colorado Springs. I awoke at Fort Madison, Iowa, just as we were crossing the Mississippi river. It is wide here, but rather shallow. Through Missouri and Kansas we saw corn and wheat for many miles. Much of the wheat is on shocks in the fields awaiting the thresher. Many were using a combined harvester and thresher. The long straw is left on the ground and plowed under.

The Missouri river and the Arkansas river were very high and muddy from the recent rains. At Dodge City we changed to mountain time and began gradually to climb. Daylight finds us at Pueblo, Colorado, 5,000 feet above. Colorado Springs is on an extensive plateau with a high rim of mountains to the west. The most conspicuous, on account of its want of ice, is Pike's Peak, 14,102 feet high. There are four other peaks of about the same altitude and many lower.

The country is largely range land but some fine crops of alfalfa were being harvested and baled in the open fields.

Saw from the Broadmoor met us and conducted us on a sightseeing tour. Seven Falls is a mountain stream which descends 200 feet in seven leaps. The Cave of Winds is 1,000 feet above Manitou, reached by a winding road through gorges, beneath overhanging ledges, giving fine views of the rock weathered into curious forms. The cave itself has many chambers which extend about one-half mile. The walls are incrustated with stalactites, or they hang like icicles from the ceiling.

The Garden of the Gods is grand beyond description, sculptured by the elements into fantastic forms which need but faint suggestion to make them appear lifelike. At the back of the picture stands Pike's Peak with a mantle of ice and snow. Dinner at the Broadmoor and back to our car. Parenthetically I may say that the Hocmer party have received the finest attention and service. A chartered car for the exclusive use of the party waiting on the side track during our sightseeing side trips. All tickets, meals, schedules, etc., taken care of by the manager.

Pike's Peak recedes in the distance, a gorgeous sunset and we roll away in the darkness. Daylight finds us upon the plains of New Mexico. A very unattractive place, merging off into the desert. Adobe houses without a tree for shade. Scarcely any water for man or beast. The people are mostly Mexicans with a few Indians. Near Albuquerque we had a chance to see what irrigation will do for this section. One side of the railroad is nearly barren while the other side has luxuriant fields of alfalfa. At 7 a. m., Thursday, we arrive at the Grand Canyon. We have taken the river ride. Those who have seen the canyon will believe me that words are inadequate. From the rim to the river below is over 5,000 feet or about a mile. Fantastically sculptured formations, gorgeously colored. Light gray and yellow shading to reds and browns and as the angle of light changes, a purple haze falls over all merging into a deep blue in the shadows and in the distance. A day at the Hotel El Tovar on the brink of the canyon. Tomorrow we shall be in Los Angeles. Good bye.

J. HARTLEY TANNER.

### MODENA.

Modena, July 9.—Independence Day passed with its usual observance and celebration Wednesday, when entertainment was provided for those who attended the celebration at Hasbrouck Memorial Hall. A speech by Assemblyman Davis was made, movies were shown in the hall. Brundage Brothers' orchestra of Middletown provided splendid music for the occasion.

Many people from Modena attended the block dance held at New Palitz Wednesday evening. After the dance a splendid display of fireworks was shown.

The Ladies' Aid Society of the Modena Methodist Church held a meeting at the home of Mrs. Hallock Harris Thursday afternoon.

The Rev. and Mrs. F. E. Ray are entertaining guests at the parsonage.

Mrs. W. Bergh and daughter, Mrs. H. Chaitaway, were guests at the Shultis home during the holiday.

Mr. and Mrs. R. J. Wager and son of Poughkeepsie visited relatives in this place Thursday.

Mr. and Mrs. William Cole and son, of Walden are occupying J. E. Hasbrouck, Sr.'s place, formerly occupied by J. Paltridge during summer months.

Mr. and Mrs. Ward Black and daughter, Doris, of this place, also Mrs. Jabor and daughter, Frances, of Washington, D. C., have been enjoying an extended motor trip through New York state.

The Ladies' Aid Society will hold their annual fair for the benefit of the Methodist Church Wednesday afternoon and evening, July 25. Plans were made for this affair Thursday afternoon when members of the society met at the home of Mrs. H. Harris. Those present were Mrs. Frank E. Ray, Mrs. Joseph Hasbrouck, Mrs. Rufus Jenkins, Mrs. William Decker, Mrs. Ira Hyatt, Mrs. Emory Conklin, Mrs. Oscar Smith, Miss Margarette Smith, Mrs. Wyanat Courter, Mrs. Elsworth Miller and the hostess, Mrs. Harris. A cafeteria supper will be served at the church fair, there will be the usual booths where various articles will be for sale, and an orchestra will entertain with music. Donations for the booths will be greatly appreciated by all those interested.

The Modena Bremen held a meeting at Hasbrouck Memorial Hall Thursday evening when plans for raising money were discussed. Suggestions for tag days and a block dance were made. The committee in charge appointed were J. Griffith, Wyanat Courter, Sr., Albert Gerard,

### IDEAL PARK.

Ideal Park, July 9.—The Fourth of July was nicely celebrated by the choir boys of St. John's Episcopal Church of Kingston on the camp grounds under the supervision of their choirmaster, Mr. Williams, and their athletic instructor, Newcomb Calyer, also Mr. Johanson. The afternoon was enjoyed in ball playing and swimming. In the evening a fine display of fireworks were enjoyed not only by the boys, but also by many of their parents and friends from Kingston and this vicinity.

Mrs. Frank Tobey of Hurley is spending the summer months at her home here.

Mr. and Mrs. Frank Deihl of Flushing, L. I. are having extensive improvements added to their home. Norman Wilbur of Mt. Tremper has the contract for the work.

Mr. and Mrs. H. McCullough of Kingston were recent callers on Mr. and Mrs. LeRoy DeVal and family.

W. P. Riley of Brooklyn spent the week end at his home here.

Fred Hogan of Endicott called on friends in this place on Saturday.

Mrs. Alfred True and sister, Mrs. Elliott Walker, who have been guests of Mrs. W. P. Riley for the past two weeks, have returned to their homes in Brooklyn.

Mrs. Alfred Post and daughter, Marjorie, of Philadelphia, arrived at their summer home on Thursday.

## VACATION

STRENUOUS exercise in the broiling sun, and then standing in a draft to cool off, may cause colds. For quick relief, melt some Vicks in hot water and inhale; also sniff a little up the nose. Its healing, antiseptic properties make it excellent too for bites, stings, cuts, scratches, bruises, and sunburn.

## Maverick Artists In Fine Concert

New York Pianist Hans Hanke Ap-  
pears on Program—To Give Solo  
Work Soon at Maverick Hall.

(By F. C. Clough.)

Over one hundred people gathered  
in the Maverick Hall on Sunday af-  
ternoon for the regular concert,  
among whom were a number of  
Kingstonians. Prior program an-  
nouncements had introduced Hans  
Hanke, pianist, who was to play with  
Gerald Kunz and Horace Britt in a  
trio arrangement for piano, violin  
and cello.

The trio gave selections from  
Mendelssohn, soft, wistful, appealing  
melodies that held their audience  
rapt in attention. Herr Hanke, as  
pianist, showed himself a musician  
with a mild sincerity of manner, no  
dash at the keyboard, yet a reserved  
facility which showed the power of  
the artist. He seemed to interpret  
his music as a whole; his playing  
indicated what so many pianists dis-  
play—the playing of notes on a  
piano keyboard. Hanke's touch was  
marvelous; he seemed to make the  
complete score speak out as one  
voice, soft, tantalizing, then again  
forceful without being too loud. In  
the finale the three met received  
loud applause.

The second part of the program  
was from Dvorak. Pierre Henrotte  
and G. Kunz played violins, Henri  
Michaux viola and Horace Britt  
cello. The players were excellent  
individually and collectively. In the  
second number the cello gave a  
beautiful solo as ending. The finale  
was in a subdued liveliness that won  
much applause.

Hans Hanke, the new member of  
the group, plays at the Paramount  
Theater in New York city; he has an  
unusually large repertoire. His ap-  
pearance at the Maverick hall was  
cause for request that he give some  
solo work, which date will be an-  
nounced later.

### Few Escape Censure

It is harder to avoid censure than  
to gain applause. But to escape cen-  
sure a man must pass his whole life  
without saying or doing a foolish thing.  
—Hume.

## PORT EWEN

Port Ewen, July 9.—The follow-  
ing are the committees for the block  
party to be held Tuesday, July 10,  
on Main street under the auspices of  
the official board of the Methodist  
Episcopal Church:

Henry Deane and A. H. Short,  
chairmen of the general committee;  
W. C. Mabie, treasurer. Gate com-  
mittee—W. C. Mabie; ice cream—  
Louis Sumr; mystery booth—Mrs.  
Harry Jump; candy—Mrs. A. For-  
ster, Mrs. W. Schweigel; decoration—  
Charles Beaver; lunch—William  
Stephenson; printing and tickets—  
Ray Howe; cake—Mrs. M. J. Major;  
music—Henry Deane, Jr.; lights—  
Clarence Craig; fancy articles—Mrs.  
A. H. Short, Mrs. Henry Deane;  
soft drinks and watermelon—Har-  
ry Jump; orangeade—Mrs. W. C.  
Mabie; cafeteria supper, 5:30 o'clock—  
Mrs. John Lynn, chairman; ad-  
vertising—Mrs. Ernest Hutchings.  
An entertainment at 8 o'clock. Music  
by orchestra during evening.

Mrs. Thomas Tucker and daugh-  
ter, Reta, and son, Bernard, and Mrs.  
S. W. Perrine and Miss Pauline Mun-  
son of Broadway are spending a  
few days in New York city.

On account of some misunder-  
standing there was no service in the  
Methodist Episcopal Church Sunday.

Mr. and Mrs. Edward Walker of  
Central Park, West, New York city,  
called on Captain and Mrs. Hiram  
T. Van Woert on Salem street last  
week.

Buddle Way of New Paltz is the  
guest of Mr. and Mrs. Reginald  
Van Leuvan on Broadway.

Mary Betty Way of New Paltz is  
visiting her grandmother, Mrs. E. R.  
Way, on Broadway.

Mr. and Mrs. Robert Hotelling of  
Salem street are spending the sum-  
mer with Mr. and Mrs. George Hotel-  
ling at Tannersville.

Mrs. Sarah Ellsworth of Broadway  
and her daughter, Miss Anna Ells-  
worth, of Ohio, who have spent a few  
days with relatives in New Paltz,  
have returned home.

Vinyl Lefever and son, Clyde Le-  
fever, of New York city, spent the  
week end at their home on Broad-  
way.

Otis Marshall has purchased a  
building lot of Herbert DuBois on  
Bayard street. Herbert DuBois, car-  
penter and builder, will erect a new  
house for him. Mr. and Mrs. Mar-  
shall were former residents of Port  
Ewen.

Chester DeGraff of Stout avenue,  
who has been ill, is improving.  
Christopher Parsell of Kingston  
was the guest of his son, David Par-  
sell, on Stout avenue Sunday after-  
noon.

A meeting of the Sunday school  
board of the Methodist Episcopal  
Church will be held Thursday eve-  
ning, July 12, at 8 o'clock in the  
church house. This is a very impor-  
tant meeting and every teacher and  
officer is requested to be present.

### Good Friends

Take time to select a good library  
for the growing boy or girl. Good  
books at hand in their room will  
prove fine comrades and they will soon  
learn to disdain books of low caliber.

## Record Crowds In Swimming

All available swimming places at-  
tracted large crowds on Sunday. Gol-  
den Rule Inn reported a record at-  
tendance in swimming in Mirror  
Lake. There were also crowds at  
Kingston Point Beach during the af-  
ternoon and evening.

The temperature advanced into the  
80's on Sunday afternoon and many  
sought relief by taking automobile  
rides, resulting in heavy traffic. The  
traffic through here was said to be  
the heaviest of the season.

Life Insurance: Something that  
enables a woman to marry again.

## A NEW PIANIST PLAYS AT MAVERICK CONCERT.

The Sunday concert at the Mave-  
rick Hall Sunday afternoon was from  
a program of Mendelssohn and  
Dvorak; the first in trio for piano,  
violin and cello, and the second,  
mentioned composer being presented  
by a string quartet.

At the piano was Hans Hanke in  
his premier at the Maverick. Messrs.  
Henrotte, Kunz, Michaux and Britt  
were the players.

These Sunday afternoon concerts  
attract a great number of people.  
Music lovers find these recitals of  
chamber music a real treat. Aside  
from Woodstockers many Kingston-  
ians attend also week-end visitors in  
the community.

## Last Lesson in Shade Making.

The last lesson in the lamp shade  
making course conducted by Miss  
Elizabeth Plank of the Central Hud-  
son Gas & Electric Corporation will  
be held at the home service auditor-  
ium, a Field Court, Tuesday at  
7:30 and Wednesday at 2:30.

Flatbush Fair and Supper.  
The Ladies Aid Society of the  
Flatbush Reformed Church will hold  
their annual fair and chicken supper  
on August 27.

## Card of Thanks

We wish to thank our friends and  
neighbors for their many acts of  
kindness during the sickness and  
death of our beloved husband and  
father, William Temple.

WIFE AND CHILDREN  
—Advertisement.

## The Caveman Lived Crudely

The caveman, like the beasts that surrounded  
him, lived upon the meat he killed, and the berries  
and roots near his den. Food preservation was un-  
known. Each day he obtained enough food for his  
immediate needs, or he went hungry. When his ap-  
petite was satisfied he threw away the food that re-  
mained and searched for more when he was hungry.

Today—

## FRIGIDAIRE

assures perfect electric refrigeration for house-  
hold or commercial needs. Healthful, efficient and  
economical, Frigidaire is the choice of the majority,  
for there are more Frigidaires in use than all other  
electric refrigerators combined.

**Christy First "Minstrel"**

Minstrel is a name introduced into England by the Normans, and which comprehended singers and performers of instrumental music, together with jugglers, dancers and other persons. The negro minstrel is a species of musical entertainment of a quaint and simple kind which originated among the negroes of the South and was first made popular at public entertainments by E. P. Christy, the originator of the troupes of imitation negro musicians.

**A Fellow Newsboy**

It was raining. A little newsboy hurriedly turned a corner just in time to bump into a larger newsboy coming around in the opposite direction. The little fellow fell and dropped his papers into the gutter—ruined! The other assisted the wee fellow brother to his feet, brushed him off—and divided his papers with him. Both departed in high spirits.—Columbus Dispatch.

**Not Just a Promise**

—An Ironclad Guarantee

**Solid, Healthy Flesh For Skinny, Rindown People.**

McCoy does not merely promise pounds of firm, sturdy flesh for weak, scrawny men and women—he gives you this ironclad guarantee—the fairest, surest and most generous guarantee that you ever heard. Here it is:

If after taking 4 sixty cent boxes of McCoy's Tablets or 2 One Dollar Boxes any thin, underweight man or woman doesn't gain at least 5 pounds and feel completely satisfied with the marked improvement in health—your druggist is authorized to return the purchase price.

Skinny, underweight men and women—don't delay another minute! Start today and take McCoy's Tablets—know what it means to have an attractive figure which incites admiration everywhere you go. Enjoy the great happiness which goes with an abundance of vitality and energy.

A Florida girl gained 20 needed pounds in 3 months and her hollow chest filled out.

One New Jersey man gained 25 pounds in 5 weeks, a woman gained 15 pounds in 5 weeks, according to her own doctor.

Pounds of solid, healthy flesh, restored health and vitality—or money back! Need we say more?

The name McCoy's Cod Liver Oil Tablets has been shortened—just ask for McCoy's Tablets at any drug store in America.

## GRID STRATEGISTS' COACHING SCHOOL

## Northwestern to Entertain Coaches in August

Applications have been received from all over the United States from coaches who plan to attend the sessions conducted by the all-star coaching school staff at Northwestern university August 13 to 25.

Coach Dick Hanley, head football coach at Northwestern, will have charge of the football course and is to be assisted by such nationally famous coaches as Jess Hanley of Dartmouth, Arnold Horween of Harvard, Walter Steffen of Carnegie Tech and Duke Dunne, also of Harvard. These latter experts will deliver supplementary lectures to Coach Hanley's series of talks and field demonstrations.

The above group of grid strategists conducted last year's course which far exceeded the expectations of the coaches in attendance. Mr. Hanley will speak on the forward pass, a phase of football he has perfected to a marked degree. Backfield play will be discussed by Coach Horween while spin plays will be the topic of Coach Steffen's discourse. Duke Dunne, one of the great line coaches of the country, will devote his talk to this feature of the game.

Besides football, courses are also to be given in basketball, track and athletic administration. Coach Arthur "Dutch" Lomborg, who made his entry into the Big Ten this year as head basketball coach at Northwestern, will have charge of the basketball classes. Coach Lomborg wound up his first season in the Western conference with nine victories out of 12 Big Ten games. While a student at Kansas university, where he learned the game under Dr. Forrest Allen, he was an "A" valley guard for three years.

Coach Frank Hill, head track coach at Northwestern, will have charge of the track course. Coach Hill will attend the Olympic games at Amsterdam and will bring back fresh impressions of the great performances which are certain to be seen at the games.

Kenneth L. "Tag" Wilson, athletic director at Northwestern and a leading figure in middle western athletics, will give his popular course in "Organization and Theory of Athletic Departments." His course proved highly popular last year and many of his students have already signified their intention of continuing it this summer.

**Boy, 16, Given Chance With Boston Red Sox**

The Boston Red Sox is a young club, but the youngest potential member is Joseph Doherty Ciero, schoolboy shortstop from Atlantic City. He is sixteen—just old enough to keep trustful officers away.

The boy is a former member of the Eastern (Pa.) team. He is right-handed, batting and throwing, and 5 feet 8 inches tall. He weighs 167 pounds. While President Bob Quinn told Ciero's mother that the boy ought to remain in high school, every encouragement will be given him by Manager Bill Carrigan, now that he has decided to try professional baseball.

**Will Increase Seating Capacity of Stadium**

The Harvard stadium, the first of America's great stadiums, is going to be improved to at least approach in size the modern college athletic amphitheatres erected in its wake.

Its 35,000 seating capacity, dwarfed by comparison with the great structures which have sprung up about the country, the Harvard plant years ago became inadequate.

So the Harvard corporation has authorized tentative plans to increase the permanent seating capacity to 55,000 by closing in the open end of the big horseshoe.

**PAN-AMS WIN SERIES FROM NEWBURGH TEAM.**

The Pan-Ams won the third and deciding game of the series with the Cardinals of Newburgh Sunday at Pan-Am diamond. The final score was 7 to 4. Carpenter was the winning pitcher and he allowed seven hits while the Pan-Ams were making 12 safeties.

**Fourth Straight for Brigham.**

The Brigham team made its four straight Sunday at Woodstock by defeating the home team, 7 to 3.

**Pure Iron**

Contrary to the usual impression, pure iron is silvery white in color.

## Tagging Major League Bases

(By Herbert W. Barker, Associated Press Sports Writer)

Bucky Harris has started housecleaning at Washington. It's a little late for such operations considering that the major league season is past the half-way mark, but Barker probably feels that his Senators can't do much worse.

Horace Lisenbee, sensation of the league last season, is the first to feel the keen edge of the official axe on the Washington payroll. The young right-hander, unable to get started this season, has been sent on option to Minneapolis of the American Association. He won eighteen games against only nine defeats in 1927, but this year he's won only two and lost six. Lisenbee finished only three of the nine games he started.

Just as the Pittsburgh Pirates are the big disappointments of the National League so are the Senators in the American. Along with the Philadelphia Athletics, they were picked to make it exceedingly difficult for the Yankees to repeat their runaway triumph of last season. Five pitchers saw service for Washington in the game which was won by Chicago 13 to 7. All told Chicago pounced out 20 hits, four going to Bill Hunsberr.

After losing seven of their last eight games, the St. Louis Browns came to New York eager for revenge, and trounced the Yankees 10 to 4 and 5 to 3. Alvin Crowder registered his ninth successive victory in the opener in which Campbell, Shealey and Thomas were pounded to a fare-thee-well by the Browns. The second game was a battle of home runs in which, strange to say, the Yanks came out second best.

**Industrial League Game Tonight**

The Apollos and the Columbias will meet in an Industrial League game this evening at the Athletic field at 6:15. Wojcik and Didzik will form the battery for the Columbias; Merritt and Short for the Apollos.

**Culliton Wins Handily.**

Rud Culliton on the mound Sunday for Freddie Wetmore's Poughkeepsie Nine beat the Brooklyn color-Eds, 6 to 2.

## Blue Sox Hit Hard to Win

Sunday at Hasbrouck Park the Blue Sox won from the Clermonts 21 to 13, in a free hitting contest.

The winners' hits totaled 21 and the losers' 13. With the score 13-4 against them the Sox went to work in the eighth and scored 11 runs. In the ninth, after five runs were scored, the game was called. L. Tiano closed two home runs with three men on the sacks both times.

## All-Stars Win Out in Extra

The Kingston All-Stars defeated Margaretville on the Mountain diamond Saturday. At the close of nine innings the score was deadlocked at 10.

In the extra inning the locals knocked in two runs and Margaretville was unable to score. The winning runs crossed the plate after Bill Schwab hit for two bases.

The All-Stars outthrew Margaretville, 20 to 12. Cy Connors, who has been playing for many years, acted as coach and played a few innings with the All-Stars. Randolph Winston was the winning pitcher.

## Work and Play For the Soldiers At Pine Camp

Local Artillerymen Enjoy Their Work With Great Spirit—Work is Varied by Many Forms of Entertainment and Frolic.

Pine Camp, July 6. (Special).—Sunny days with plenty of good times are being enjoyed by the members of the 156th Field Artillery. Not alone are the soldiers learning the art of warfare under competent officers, but the boys are having a vacation crowded with fun, first-class eats and a chance to benefit their physical being.

Every department of the 156th Artillery is working in first-class order. Several Kingston boys have received treatment at the hospital under direction of Captain Bullard and are now performing their duties with plenty of vim. Corporal Harold Dingman, Private William Zates and Private George Wells were the soldiers who received treatment. Corporal Dingman was the first to suffer an illness, consisting of a sore throat and fever, while Privates Zates and Wells were injured while riding horses in service practice. Not alone were the sick soldiers brought about by the good medical care but by the tasty food prepared by First Cook Joseph Myers, popular Kingston boxer, of Battery A. John Palen played a big part in keeping up their spirits while acting as nurse.

Boys Snap Into Service. Every battery from Kingston has thoroughly familiarized itself with matters at camp. The boys have snapped into service in a fine manner considering the short time they have been here and the officers are well pleased with the way the recruits as well as the seasoned artillerymen have been functioning. It is the general opinion that this year's camp season has been the best owing to the rapidly with which the men have been responding to instructions.

Service practice held Thursday and today brought out the real qualities possessed by the Kingston artillerymen, who maneuvered in splendid style. The boys proved themselves horsemen in every sense of the word, the cannoneers of Batteries A and B came through in excellent form on the firing problems and the Headquarters Battery and Combat Train proved most efficient in stringing wires for communication between the outfits.

Battery B on the Range. Battery B was ready for actual firing of the French 75 millimeter guns today after the practice held Thursday. The men started from the gun park this morning at 7 o'clock for the range, on Infantry ridge, and went through a strenuous morning of firing tests. The cannons rolled out of the park in war-like fashion with the drivers manning the six horses like seasoned rangers. The gunners rode the pieces over the rough ground without a hitch and the firing practice was carried out likewise. Colonel R. A. Egan of the New York National Guard was in command. Major O. R. Hiltbrandt, Captain Edward C. Lawson, Lieutenants Paul Barnum and Carlton Eckert were the Kingston officers in charge with sections supervised by Sergeants Harry Giles, Stanley Colvin and William Jordan.

Major General Haskell, adjutant general of the New York State National Guard, who was in camp this morning, viewed the action of the men. He was highly pleased with their performance, after which they enjoyed a sandwich and frankfurter dinner. Styles, First Cook Dave Kidd and Second Cook Ray Slicker. At noon a salute was fired for the major general. It consisted of 13 shots.

Battery A, the Headquarters Battery and Combat Train will work together in firing practice on Monday. The members of the outfit are undergoing rigid tests and it is expected that they will turn in a praiseworthy performance before an assemblage of strict observing officers. Today the members of A Battery polished harness and cleaned guns in preparation for the range practice.

Night Riders and Their Pranks. Aside from the daily military routine, the men at camp find plenty of ways to amuse themselves. The "night riders" have been furnishing plenty of fun to Battery members at their own expense. Every night there is a different crew in the squad that plays pranks on sleeping soldiers. Among the victims of the "night riders" have been the following men: Micker, McSpitt, was given a coach dog haircut, as it is called in camp. It consists of clipping the hair from certain parts of the head and leaving other portions uncut, which gives a spotted effect. Micker, who is quite well known as a horse man in Kingston, was given the treatment because he rode his horse one day at camp with a pair of kid gloves on. He has discarded the gloves.

Corporal George H. Johnston, company clerk of Battery B, was given a vigorous rub-down after being dumped into the watering trough by the picket lines, because he insisted on strutting a skittle in his tent.

Corporal Joseph Conroy, company clerk of Battery A, was kidnapped

© McClure Newspaper Syndicate

from the headquarters of First Sergeant Isaac Lawrence, Thursday night, and made ride the goat owned by Sergeant John Rosa of the stable department. Billy was brought to camp as the 156th Field Artillery mascot. He is popular with every member of the battery, except Sergeant Burt Clair and Private Dewey Van Buren, who have their own mascot which they brought from Kingston. It is a kitten which followed them from the armory to the train. Corporal Conroy, who was made ride Billy because of issuing too many orders, also has more regard for the goat's rival.

Ray "Red" Brink, Fred Osterhoudt and George Erickson of Battery B were given a chance to ride Dina, the donkey. Erickson was the only one able to stay with the animal.

Warren Hutton of A Battery was given a cold shower before retiring Thursday night, because he reported for supper with his hair uncombed. The details assigned of the artillery are many. One of the most novel was the one on which James Donovan, John Gallagher, Louis Hicks and William Duffy worked today. They had to bury a horse which had to be shot because it had lockjaw.

Entertainments at Recreation Hall. The recreation hall every evening. As yet none of the Kingston boys have performed but Charles Hicks, Joe Myers and George Johnston are practicing for a minstrel show.

Charlie Molvin, the National Guard boxer, who pleased many a boxing fan in the armory at American Legion boxing shows the "past winter, beat Joe Healey of Newburgh in one round Wednesday night when several bouts were staged. Molvin was the only Kingston man on the card.

Instruction for Officers. The officers have plenty to occupy their time at camp. These men labor throughout the day and their tasks are as strenuous as those performed by the men. However, when the day's routine is over the officers have various ways of occupying their time in an educational and entertaining way. Thursday night a very interesting lecture was given by Lieutenant Grimes, president of the Grimes Radio firm, on controlling airplane by radio. The method as

explained to the officers will enable an aviator to fly his plane any given distance regardless of hindering elements such as fog. Lieutenant Grimes covered the science of radio from the time of Dr. Alexander Graham Bell.

Riding in Airplanes. The officers of the 156th Field Artillery are enjoying rides in the airplanes of the 27th Division Air Service. Colonel R. A. Egan, head officer at the camp, took the first ride. Major O. R. Hiltbrandt, First Lieutenant H. A. Pekin and Second Lieutenant Carlton Eckert of Kingston got a big thrill out of flying. They took the loop and felt the sensation produced when planes are put through battle maneuvers.

Aviators of international note are stationed at Pine Camp. The men who piloted the planes for the Kingston officers were Major Vaughn, second greatest living American ace of the World War, with 18 German planes to his credit, and Lieutenant Carl Rach, the National Guard speed champion.

"Cody" Attracts Attention. The Kingston batteries sure have it all over the other outfits as far as horses are concerned. Cody, the mount that won the walking championship in 1928, is attracting wide attention. Officers from the various companies inspect the horse every day. Colonel Egan has his eye on the horse and Sergeant John Rosa is so afraid that Cody might be taken from the Kingston picket line that he has applied for two extra guards to watch him.

The men in charge of the picket lines are: Battery A—Sergeant "Chubby" Jones, Jack Cross and Harold Brink; Battery B—Sergeant Burt Clair, Dewey Van Buren and Dawes Keefer; Combat Train and Headquarters Battery—Sergeant Jake Post, E. Conway and J. Griffin.

Albany Daughters Coming Here. Court Mary Regis, Catholic Daughters of America, of Albany, will make their annual excursion by boat to Kingston Point on Saturday, July 21, and will hold a picnic and carry out a sports program. The committee comprises more than 50 women.

Few folks remember a favor, but it's hard to forget a good lickin'.

#### Elephants Fire Fighters

A "tail" story of how a herd of wild elephants conquered a forest fire on the southwest coast of India is told by the Indian News Service. During a gale a big tree was uprooted and blocked one of the highways. A crew of natives was detailed to clear the road, and to lessen their work attempted to burn the tree. When darkness came the laborers returned to the safety of the custom house and the fire spread to the adjoining woods.

The leader of a roaming band of wild elephants, according to the story, discovered the blaze and immediately called his followers by loud trumpet-calls. Within a few minutes the four-footed firemen were busily employed, with their trunks as hose, turning 40 streams of water on the blazing tree and burning woods.

#### Noise and Power

An engine that expends all its steam in whistling has nothing left with which to turn the wheels. And the same principle can be applied to man. All that we can save in noise we can use in power.—Grit.

### Declares Night Clubs Are Menace

Committee of Fourteen Finds Vice Conditions in New York Worst in Twenty Years—Only Six of 157 Clubs Investigated Pronounced "Respectable."

New York, July 9 (AP).—Night clubs of New York are denounced as a menace to morality in the annual report of the committee of fourteen made public today. The night club hostess is termed the American counterpart of the Geisha girl. Because of such clubs, speakeasies and dance halls, the committee regards vice conditions in New York as the worst in 20 years.

The committee, formed in 1905 to combat commercialized vice, is a civilian organization and has among its supporters many well known New Yorkers. John D. Rockefeller, Jr., was the heaviest contributor in the year ending December 1, giving \$2,900.

The most serious aspect of the situation, the committee finds, is the class who never would have visited the old places of commercialized vice.

"Some of these clubs are cloaked with an apparent respectability which is likely to throw the unsophisticated off their guard," says the report, written by George E. Worthington, general secretary and counsel. "They provide for the young man and woman the lure of music, entertainment and dancing, coupled with alcohol and a free and easy atmosphere—and they are open all night."

#### Hostess Like Geisha Girl

The night club hostess, the committee says, is the American counterpart of the Japanese Geisha girl, and "is the successor of the old time rustler who worked in bars on a commission basis many years ago."

"She is employed for the main purpose of increasing the sales of liquor and food; incidentally she is to provide entertainment for the men customers. Her sex appeal largely accounts for her success."

Of 157 night clubs and speakeasies investigated during 1927 the committee found only six "respectable" with six more "suspicious but no evidence obtained." In 13 others girls were not admitted.

Advertisements of clubs, the report says, have attracted "not only local girls into this occupation but also girls from outside places in various parts of the United States. Other hostesses are recruited from closed dance halls which in turn advertise extensively for "young, attractive girls over 18, experience unnecessary."

#### Closed Dance Halls Also a Menace

The closed dance hall, or dance studio, although not as dangerous as the night clubs and speakeasies, is a "growing and serious menace," the committee finds. "It is here that the largest number of girls get their first start downward. This type of employment seems to have a harden-

### Skull Fractured When Hit by Auto

Pietro Ortale of Lake Katrine was struck by a car while walking along the highway near Lake Katrine Sunday evening about 10:29 o'clock. The car failed to stop and when people who witnessed the accident went to the assistance of Ortale they found him suffering from a fracture of the skull, a dislocated shoulder and severe cuts on his leg. He was taken to the City of Kingston Hospital. His condition was reported as critical.

An investigation was immediately taken up by the sheriff and State Troopers. The car which struck Ortale bore a New Jersey license and someone who saw the accident reported the license number as 20E382725, but the number secured was evidently in error. The sheriff was notified by a witness from the office of Judge Speers on the Saugerties road and Sergeant Lockhart was notified at Highland and Troopers kept a look-out for the number as reported. No clue to the identity of the car or driver has been secured.

#### Slang Big Factor in

#### Growth of Language

American slang, rather than being maligned and despised, should be depended on to assist in vitalizing and enriching the language, says Dr. Frederic C. Blanchard, professor of English at the University of California, at Los Angeles. Little of the slang of yesterday ever remains, but that minimum that does not drop away is a definite and a constant factor in the growth of language to adapt itself to the changing conditions of a changing world, he adds.

"Much of the exuberance of slang is simply the indication of health, animal spirits, vitality, adaptation to new conditions of thought and action," said Doctor Blanchard. "Ben Jonson, the purist, quarreled with the slang employed by Shakespeare, but much of it has been adapted in our speech, as have some of the quaint but unorthodox expressions of Kipling."

"The multiplicity of new activity which our modern life enjoys requires its special language, and we have the slang of aviation, sport, and even science, the best of which finds its way ultimately into the dictionary."

ing and commercializing effect on the girl. The night clubs studies show that the dance halls are used very largely as feeders for supplying hostesses to the various clubs.

"Girls earn more. Increase your income. Dance a few hours each evening and earn up to \$40 weekly." Was one of the advertisements used by the closed dance halls. "Young ladies, over 18, to act as dance partners at New York's most beautiful ballroom," said another.

The report praises the work of Police Commissioner Joseph A. Warren and that of the Women's Court.

PLANT OF THE HUDSON VALLEY COKE & PRODUCTS CORPORATION AT TROY, NEW YORK

## New Development In Southern Ulster

Several prominent fruit raisers who for a number of years have developed apple growing and other fruits in the Shenandoah Valley of Virginia and portions of New York state, after several exhaustive tours have discovered that mountain lands some miles back from the west shore of the Hudson river are likely to produce fully as fine a crop of apples as any sections of Virginia or parts of New England. For the past year a syndicate of men interested in this project have quickly bought up and assembled large tracts of former dairy lands, woodlands, some fifteen miles northwest of Newburgh and have already un-

der way the planting of this large tract of land into fruit lands and vineyards.

They have organized under the Grapeland Farms, Inc. Among the principal men in the project are Dr. John J. Carey of Brooklyn, Lucian C. Liddy of Brooklyn, who for a number of years has been prominent in the Naval Militia of New York state; George C. Hudson of Highland, N. Y., and C. Hunter Carpenter of Hempstead, N. Y., and Clinton Forge, Virginia.

The possibilities of converting practically abandoned farms and badly lands in the mountain sections of New York state into fruitful lands was tried as an experiment a number of years ago by George C. Hudson of Highland. For his first fruit farm of 150 acres of land he paid \$10,000 and an additional \$10,000 was spent in procuring some of the best apples and other fruits available. He recently sold this at a profit of \$30,000 and the

new owner has refused an additional profit of \$15,000.

Development Under Way and Planned.

The 1,000 acre dairy lands which will be converted into fruit lands by Mr. Hudson and his associates has been used as dairy farms for generations. Until they demonstrated its vast possibilities all practically abandoned farm land and dairies which were producing very little financial results in the vicinity of Lake Mohawk and Lake Minne-waska were thought to be practically useless for fruit raising. All this has been changed during the past year. Over 3,000 apple trees of McIntosh and Cortland varieties, 1,200 cherries of the early wax variety are growing together with 80,000 one year old grape vines which have been planted on another section of the old dairy lands; 160,000 more will be planted during this month together with many currants, strawberries and raspberry bushes. During the coming year 10,000 more apple trees will be planted and on another section of the large tract of land, 100,000 grape vines of various kinds will also be put in the ground.

### To Lay Out Golf Course.

At Gardiner, where the new fruit lands are being developed, the promoters of the project are planning to lay out an eighteen hole golf course, together with numerous bungalows and a small hotel at one end of the property. The Schwan-kill River passes through a portion of the land and there is excellent bass and pickerel fishing. A number of well known residents of

Brooklyn and Long Island have arranged for the purchase of campsites along the river during the coming summer. As Gardiner is but a short motor ride from Lake Mohawk and Lake Minne-waska, the Brooklyn and Long Island residents who plan to establish summer homes on land adjoining the new project will have some excellent golf courses to play over. A number of the colonists have arranged to make frequent visits to their homes during the autumn for the excellent hunting which the territory now affords. Adjacent property owners have all combined in posting their lands with the result that more than 10,000 acres is now available for hunting next autumn. The property has been stocked with English pheasants, partridge, quail, deer and rabbits.

### Machinery Used in Development.

Being but seventy-five miles from New York, the new colony is reached by various motor highways. The installation of new machinery including tractors, which years ago were not available in preparing land for orchards, has been of great benefit in removing large rocks and tree stumps which are placed on sleds and dumped into piles. These protect the banks during the spring floods and also permit the clearing of land from all obstacles which reduce the planting of fruit trees.

More than 1,000 cords of wood have been removed from the land where it is proposed to make a lake in connection with the golf course. The large amount of hickory wood has been shipped to Germany and will be used for axe handles and spokes of wheels; the amount derived from its sale was considerable.

### AGRICULTURE

Uncle Ab says that if you keep on the level, you are likely to climb higher.

Hay that has dew or rain on it should not be stored, as it is likely to heat and mold.

Leghorn pullets should not begin to lay until they are from five to six months old. General purpose breeds take about a month longer.

If spare time is used in overhauling the grain binder now, time, trouble and money may be saved when the harvest is in full swing.

Sweet clover should be grazed so closely that stock eat the new, tender shoots all the time, or it will get tough.

A good poison bait for slugs is: 20 lbs. bran, 1 lb. Paris green, 2 qts. molasses, 3 oranges or lemons, and about 3 1/2 gallon of water. Scatter the bait in small lumps around the plants in evening.

Silage is such an essential part of the dairy ration, that too much attention cannot be paid to the treatment and ensiling of the crop. Bulletin E 160, which may be obtained by writing to the college of agriculture at Ithaca, is a valuable guide to the silage crops of New York state.

## Mrs. Secretary of the Treasury

Nowadays it is becoming more and more the practice, particularly among the younger people, to regulate expenditure of income by the budget system. To the wife is delegated the task of keeping the family expenses within set limits—she is the real secretary of the family treasury. She must count the pennies and stretch them to their utmost buying power.

The modern woman knows how to make a dollar purchase one hundred cents' worth of value. She reads the advertisements in her daily newspaper and notes what is being advertised that she needs. She scans them closely to know what is newest and best in clothes, in foods, in utilities that will make the home work easier, the little luxuries that will make it more comfortable. Yet her purchases are regulated by the budget—advertising helps her to keep within bounds.

Such is the value of advertising to the woman in the home. It is her faithful adviser, ever ready to tell her what, when and where to buy and how much to pay.

He came to Kingston from Pittsfield, Mass., where he had charge of one of the stores of the Ross Company which operates the local store. Mr. Sweet has also managed the Ross store at Niagara Falls.

## PRISTINA FEARS HE IS MARKED FOR ASSASSINATION.

Vienna, July 9 (AP).—Hassan Pristina, former Premier of Albania, who is living in exile here, fears that he has been marked for assassination.  
He was one of four men sentenced to death in Albania last week in connection with an alleged plot against the life of President Ahmed Zogu. The other three were executed.

## HAND GRENADE EXPLODES KILLING 20 CHILDREN

Vienna, July 9 (AP).—Dispatches from Kattowitz, Upper Silesia, say that 20 children were killed today when one of them found a hand grenade which exploded.  
Kattowitz was the scene of much fighting during the World War.

## Financial and Commercial

New York, July 9 (AP).—Major speculative activity in today's stock market was again on the up side, but the buying continued selective. Early sales of 1 to 5 points were interspersed with several soft spots. Trading was on a slightly larger scale than Friday, total sales in the first three hours being close to 1,000,000 shares.

Cash money renewed at 3 1/2 per cent, but the amount available was reduced by the calling of about \$10,000,000 in loans.

An increase in Pennsylvania crude oil and a sharp break of \$2.50 a barrel in cotton prices following publication of the government report showing an increase of 11.14 per cent in acreage were the most interesting trade and business developments.

Nearly a dozen issues mounted to new high ground for the year, the list including Montgomery Ward, Indian Refining, preferred, Motor Products, Warner Brothers Pictures A, General Gas and Electric B, General Railway Signal, Allied Chemical, Davidson Chemical and American Express all 4 to 5 points higher.

Cash Treasury broke nearly six points. Heaviness also cropped out in General Motors, Radio, International Telephone and Atlantic Refining.

Quotations given by Parker McElroy & Co., members N. Y. Stock Exchange, 120 Broadway, New York city, branch office, 260 Fair street.

## ALLEGEDLY

Allierville, July 9.—The people of Allierville whose privilege it was to attend the Fourth of July celebration on the beautiful Dreamland grounds, feel very grateful to Mr. and Mrs. Kristella for their thoughtfulness and interest.

Mr. and Mrs. Grant Young, who were spending their vacation at High Falls, were entertained at the home of Mr. and Mrs. John Smith Thursday.

Mr. and Mrs. Robert Hines of Stone Ridge spent Sunday with Mr. and Mrs. Walter Brooks.

There were several picnic parties at Peterskill grove the Fourth. This is an attractive spot and good bathing may be enjoyed in the place known to all the boys as "Deep Hole."

W. W. Brady, Jr. and wife of Kingston spent Sunday with Mr. and Mrs. W. W. Brady, Sr.

There was considerable excitement for a little while at Harry Maltz's store on the eve of the Fourth. Directly in front of his store a Ford touring car went down the old canal bank and just above the store a load of hay was fast in the ditch at the side of the road. No one was injured.

## New York Produce Market

Banks and Roder, Furriers, have moved to their new location at 306 Clinton avenue between John and North Front streets.

Lawn Mowers Sharpened. Lawn Mowers for sale. 29 Furnace street, Kingston, N. Y.

## Ancient Receipt In Benedict Papers

Frederick A. Benedict, son of the late Hon. Thomas E. Benedict of Wawarick, is examining a large collection of documents relative to the early history of Ulster county, gotten together by his father, found an interesting receipt which he has presented to Judge Clearwater, which reads as follows:

"Hochester, April 26, 1766.  
Received of the State of New York by the hands of Benjamin Kortright the sum of \$15 as a part of the fees I have had by the hands of the attorney on the western frontier of the State. Received \$15 on behalf of my brother, Abraham Klaarwater."

Signed, JOSEPH KLAARWATER.  
The Abraham Klaarwater referred to in the receipt was the great-grandfather of Judge Clearwater, who related and paid from his own purse twenty-five volunteers who ranged the then western frontier of the colony which reached from Wawarick to what now is Binghamton. The Continental Congress passed a resolution as follows:

## BUSINESS NOTICES

PETER C. OSTENHOUDT & SON, contractors, builders and jobbers, 20 Lucas avenue. Phone 616.

tion thanking Abraham for the service he had rendered and the expense he had incurred and departed that the entire amount be expended for the first tax levy. It happened, however, that this \$15 specified in the receipt was all that ever reached him. He owned a number of slaves and by his will manumitted them. He is said to have been the first resident of the state of New York who gave his slaves their freedom at his death.

## Announce Best Flour for Making Pretzels

Pennsylvania was the first home of the pretzel in America. That state to this day leads the Union in the production of this "species of fruit." These, says the Pathfinder Magazine, were some of the incidentals picked up by the Department of Agriculture when it made a search for facts which would determine the four most suitable for pretzel making.

It was also learned that there are two distinct types of pretzels—the familiar hard pretzel and the soft pretzel, which is intended for consumption the day it is baked. Some of the hard pretzels are machine-stamped and others are made by hand.

But the machines are used only in the manufacture of the smaller sizes. The characteristic twisted pretzel is twisted by hand even though the dough is rolled by a machine. No machine has been perfected which will give the particular twist desired. An experienced and skillful operator can twist about twenty-five or thirty pretzels a minute.

The government experts learned that a satisfactory pretzel flour can be made by blending hard wheat flour and soft wheat flour of high and low protein content, or by using a "patent" or "straight" flour with a small percentage of a "clear" flour.

## Beavers Under Water

Many consider it remarkable that the beaver can remain beneath the water for so long a period. But he can remain under ice much longer.

A beaver rises to the under side of the ice and there casts a quantity of its breath up against the crystal covering of the body of water. A wide flat bubble is formed. This is permitted to remain against the ice long enough to become somewhat purified, when the animal takes it into its lungs once more. This strange operation is repeated from time to time, and the creature is thus enabled to remain beneath the ice for hours.

The muskrat does about as the beaver, but cannot remain without fresh supplies of pure atmosphere as long.

## Original "Bedlam"

The word "bedlam" had its origin in the word Bethlehem. Bedlam is the name given to the Hospital of St. Mary of Bethlehem in London, England, which was founded in the fourteenth century. In the sixteenth century Henry VIII turned it into an institution for the insane, and it became infamous for the brutal ill-treatment meted out to the inmates. It was indeed a madhouse, and the word bedlam has since been applied to any frenzied assembly or mad crowd.

## "Old King Cole"

King Cole was a British king of the Thirteenth century, who is said to have taken Camulodunum from the Romans and to have named it after himself. Colchester. According to some of the old chroniclers, he was the father of the Empress Helena, mother of the Emperor Constantine. He is the subject of a well-known nursery rhyme.

KINGSTON'S LEADING JEWELERS

314 WALL STREET.

Only a good watch  
combines real usefulness and beauty

A watch, to be useful, must do more than give good timekeeping service. It must give this service regularly, without interruption, save for accident or the cleaning and adjustment every watch must have. Only a good watch can give this dependable service.

Beauty, also, which nowadays must include style—is found only in a good watch. Cases by Wadsworth—acknowledged style leaders in the dress of fine watches—protect and beautify the high-grade movements in our showing.

Come in and look over the many exquisite designs in modern watches. We are sure you will find at least one style exactly suited to your taste.

Cordially yours,  
Golden Rule Jewelers.
